Little Tree
Farms

LANDSCAPING and FORESTRY

Designing • Construction • Planting
Nursery Stock, Garden Seeds and Supplies

ON PLEASANT STREET, FRAMINGHAM CENTRE, MASSACHUSETTS

A glimpse of the building group at Little-Tree Farms, showing the new glass Exhibition and Sales Building at the right and the entrance to the Office Building through the trees at the left

THIS is Little-Tree Farms new Year Book and Catalogue for 1928.

In it you will find hundreds of species, varieties and sizes of ornamental plants of almost every sort desirable for use in this latitude and many of them illustrated by photographs, so that you may know exactly what you are buying.

The first nineteen pages are filled with attractive Offers of selected plant groups, designed to solve typical planting problems. They simplify the selection of planting material and at the same time provide an economy in buying as they are offered at special prices and very exceptional values.

We ask you particularly to read page 20 which explains in detail our system of plant grading.

The remaining twenty-eight pages catalog in alphabetical order Evergreens, Shrubs, Shade and Flowering trees, Annuals, Perennials, Roses, Peonies, Iris, Gladioli, etc., and, last but not least, a very generous selection of Garden Furniture, Tools, Sprays, Fertilizers, Books and other Landscaping and Forestry accessories which are on sale at our new Sales Building (see illustration above).

We place this book in your hands with great good will in the hope that you may find it immediately useful. At the same time we extend a cordial invitation to you to visit Little-Tree Farms at your earliest opportunity. We believe you will find the trip both pleasant and profitable.

Little-Tree Grass Seed Mixtures

Insure a Splendid Lawn Almost Anywhere

LITTLE-TREE mixtures are the products of years of ripe experience and experimentation in the production of fine lawns for every purpose. Through scientific study of the various grasses from the standpoint of virility, smoothness, color, adaptability to various soils and conditions,

and precise blending we have achieved as perfect mixtures as human skill, knowledge and experience can make possible. We recommend them to you unreservedly—sure that you will obtain complete satisfaction. Sheep manure, bone meal and other lawn fertilizers will be found on page 48.

LITTLE-TREE

Velvet Lawn Mixture

THOSE who want the very finest lawn that can be made will choose this mixture. The choicest varieties obtainable are blended and the result is a mixture that produces a surpassingly beautiful lawn of deep green closely matted turf, unusually rich and velvety. No weeds, chaff or inert matter in this highest quality, plump selected seed.

When one considers the time and effort spent in grading and preparing the soil for a fine lawn, it is evident that a cheap mixture is a poor economy, and apt to prove most expensive in the end. The prices below are very reasonable for a mixture of this quality.

1 lb.	\$.75	25 lbs.	\$15.00
5 lbs.	3.50	100 lbs.	55.00
10 lbs.	6.50		

Our prices include packing and are f. o. b. Framingham.

LITTLE-TREE

Standard Mixture

ACAREFULLY compounded mixture which will, in a comparatively short time, produce a thoroughly satisfactory and permanent lawn. The texture is unusually close and thickly matted and the color is a rich dark green. Little-Tree mixtures are composed of vigorous and vital seeds and are free from weeds and chaff.

While this is a slightly cheaper mixture than the "Velvet" it will prove thoroughly satisfactory where the soil is in good condition—say 8 inches of loam. No clover seed is included in this mixture as it is apt to burn out and leave bare spots.

1 lb.	\$.65	25 lbs.	\$13.50
5 lb.	3.00	100 lbs.	50.00
10 lbs.	5.00		

Our prices include packing and are f. o. b. Framingham.

LITTLE-TREE

Shady Spot Mixture

THE shady spot, where the grass looks sick and sparse, may have a charming velvety green carpet. Just use the right grass seed mixture—plump vigorous seeds scientifically selected to give satisfactory results in fairly dense shade. In damp shady spots where soil sometimes becomes sour, apply Little-Tree agricultural lime from time to time.

This is a "sure fire" mixture for all shady spots except in the deepest shade, as under evergreens, where no grass can possibly survive.

1 lb.	\$1.00	10 lbs.	\$7.00
2 lbs.	1.75	25 lbs.	16.00
5 lbs.	4.00	100 lbs.	60.00

Our prices include packing and are f. o. b. Framingham.

Grading and building a lawn is an art — Let our Landscape Service help you.

For the finest lawn use the Velvet Lawn Mixture

On such a shaded slope use the Shady Spot Mixture

Little-Tree Special Offers

Selected group of Evergreens
and Flowering Shrubs for
planting about your
home grounds

Decorate your Home from Doorway to Street

| 1 American Arborvitae | 3 to 4 feet |
| 1 Colorado Spruce | 2 to 3 feet |
| 1 Globe Arborvitae | 12 to 18 inches |

These 4 Evergreens

\$17.50

Two groups for \$34.00

Our price includes packing and is f. o. b. Framingham.
Order by name and number with remittance.

A Shady Side Group

Offer R-3

This group is chosen from plant varieties that thrive in the shade and on the north side of a house. They should receive some protection from high Winter winds. One side of this planting illustrated at right.

- | | |
|------------------------|-----------------|
| 1 Canada Hemlock | 3 to 4 feet |
| 1 Rosebay Rhododendron | 18 to 24 inches |
| 1 Mountain Laurel | 18 to 24 inches |
| 1 Mountain Andromeda | 12 to 18 inches |

*These four first quality *B & B evergreens*

\$16.00

Two groups for \$31.00

Our price includes packing and is f. o. b. Framingham.
Order by name and number with remittance.

Another Doorway Group

Offer R-4

These six very exceptional plants, all first quality *B & B stock, are offered as a doorway planting suitable for almost any location. Note the variety of height and texture shown in the illustration at the right.

- | | |
|-----------------------|-----------------|
| 1 American Arborvitae | 5 to 6 feet |
| 1 Douglas Fir | 3 to 4 feet |
| 1 Ground Juniper | 2 to 3 feet |
| 1 White Fir | 2 to 3 feet |
| 1 Canada Hemlock | 18 to 24 inches |
| 1 Wintercreeper | 5 year |

These six evergreen plants

\$25.00

Two groups for \$49.00

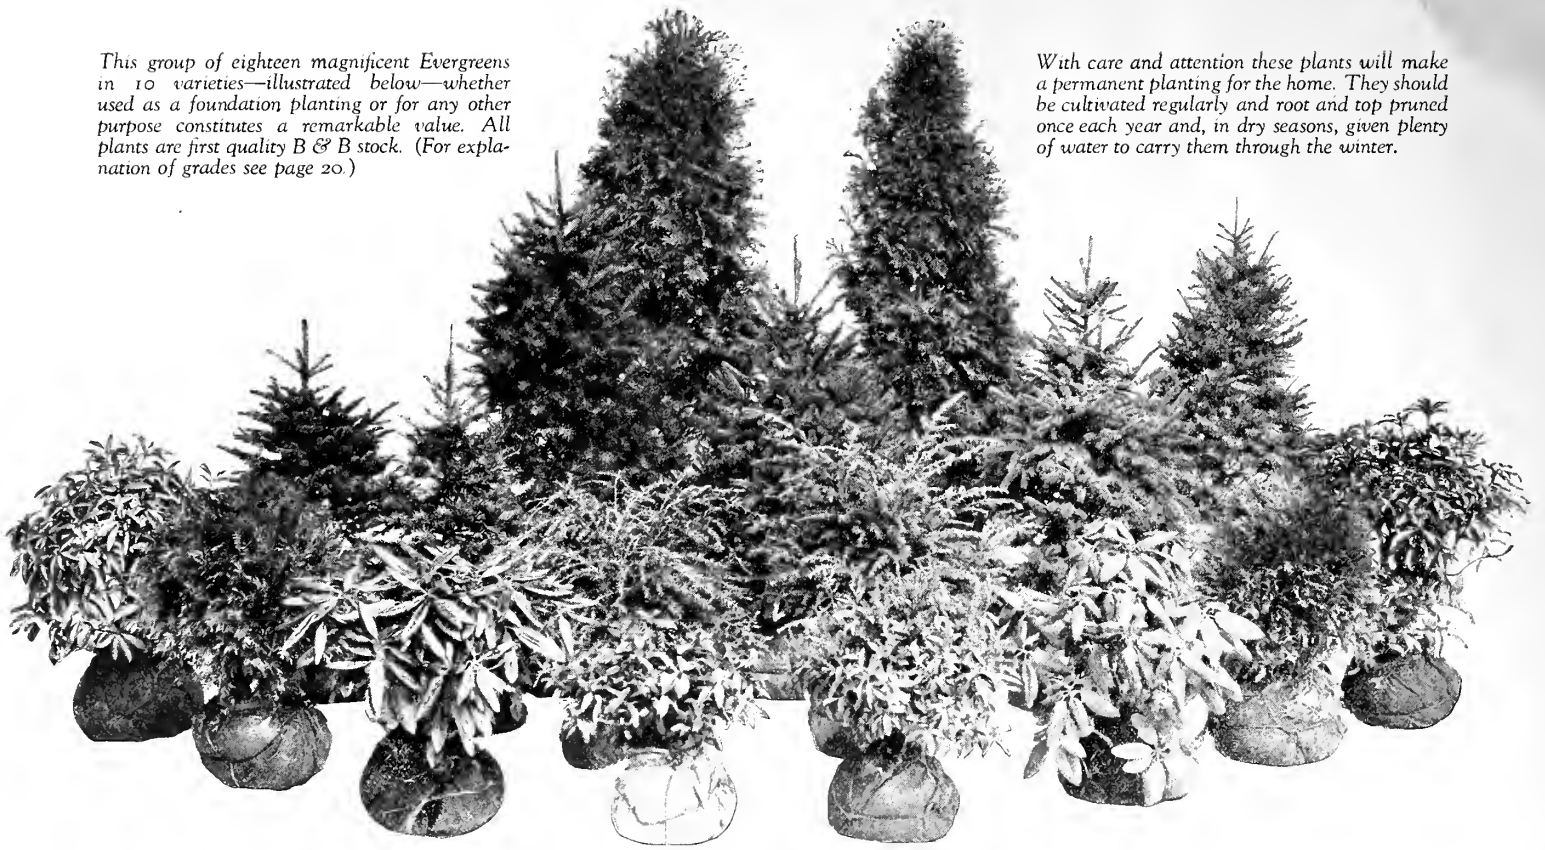

Our price include packing and is f. o. b. Framingham.
Order by name and number with remittance.

**For explanation of grades see page 20.*

This group of eighteen magnificent Evergreens in 10 varieties—illustrated below—whether used as a foundation planting or for any other purpose constitutes a remarkable value. All plants are first quality B & B stock. (For explanation of grades see page 20.)

With care and attention these plants will make a permanent planting for the home. They should be cultivated regularly and root and top pruned once each year and, in dry seasons, given plenty of water to carry them through the winter.

This splendid Foundation Planting will add Beauty and Dignity to your Home

ON this and the following two pages are a number of carefully considered combinations for planting along the house front. Foundation Plantings, they are often termed, and their mission is to soften the harsh line created where the house rises abruptly from the soil, and thus harmonize the architecture of the house with the lawn and the rest of its environment. Thus it is but an amplification of the doorway planting and like it can be treated in various ways to suit the style of the house or one's pocketbook.

Some of these offers are arranged on the "Sectional Plan" each combination

A complete Planting for a small Home

Offer R-5

Eighteen exquisite Evergreens and Evergreen Shrubs, harmoniously contrasting in size, color and texture to form a wonderfully decorative ensemble of evergreen foliage.

2 American Arborvitae	5 to 6 feet	2 Canada Hemlock	18 to 24 inches
2 Douglas Fir	4 to 5 feet	2 Mountain Laurel	18 to 24 inches
2 White Spruce	3 to 4 feet	2 Carolina Rhododendron	12 to 18 inches
1 White Fir	2 to 3 feet	2 Mountain Andromeda	12 to 18 inches
1 Colorado Spruce	2 to 3 feet	2 Globe Arborvitae	12 to 18 inches

Our price includes packing and is f. o. b. Framingham

\$75.00

Order by name and number with remittance

consisting of a Doorway, Center and Corner Group, any one of which may be combined with similar groups from other offers. This plan permits the widest latitude of selection without sacrificing the price advantage contained in these offers.

The Foundation offer on this page (illustrated above and below) is complete in itself and represents the maximum of value for this purpose. We recommend it heartily to anyone desiring an extremely high quality foundation planting for a small home, at an exceptionally reasonable price.

This view shows a typical arrangement of the plants offered in Offer R-5 above. The same plants may be arranged in many other ways to suit different types of architecture.

Two "Unit Offers" of Exceptional charm and value

NOTE:—Use these groups together, singly or with similar "units" from other offers.

Doorway Group

Offer R-6

Six magnificent Evergreens for the doorway.

Offer R-13 ~ One each of above 3 groups (illustrated below) \$45.00

~ Two each \$88.00

*For explanation of grades see page 20.

Wintercreeper

Forsythia

Barberry
Spirea

This illustrates the Evergreens and Shrubs in Offer R-14, described and priced below.

An inexpensive but very attractive Foundation Planting of Evergreens and Flowering Shrubs

Mixed plantings of shrubs and evergreens are increasingly popular as they give a greater variety of color and foliage in spring, summer and fall and still "keep up appearances" during the winter. It must be remembered, however, that the flowering shrubs will grow more rapidly than the evergreens and hence should be allowed more room

Offer R-14

THESE 34 fine evergreens and shrubs are particularly adapted for planting in front of a high foundation. Planted around an open porch they will give desirable seclusion and relief from noonday glare.

2 Junipers	4 to 5 feet	6 Weeping Forsythia	4 to 5 feet
2 White Spruce	3 to 4 feet	4 Garland Spirea	2 to 3 feet
2 Hemlock	18 to 24 inches	16 Japanese Barberry	2 to 3 feet
2 Bigleaf Wintercreeper	5 year	All first grade plants	

\$40.00

Our price includes packing and is f. o. b. Framingham.

Order by name and number with remittance.

in the planting and placed in the background where possible. Though flowering shrubs need more severe pruning than evergreens and a mixed planting usually requires more care than one of evergreens only, one is amply repaid by the greater variety and richness of the effect produced. Offer R-14 is illustrated above.

A special "Unit Collection" of Evergreen and Evergreen Shrubs for a North Side or Shaded Foundation (Illustrated below)

Corner Group

Offer R-15

1 Hemlock	3 to 4 feet
1 Rosebay Rhododendron	2 to 3 feet
1 Mountain Laurel	18 to 24 inches
1 Drooping Leucothoe	12 to 18 inches
1 Yucca	4 year

\$15.50

Center Group

Offer R-16

1 Douglas Fir	2 to 3 feet
1 Mountain Andromeda	12 to 18 inches
2 Wintercreeper	5 year

\$10.00

All plants are first quality B & B stock. Our prices include packing and are f. o. b. Framingham.

Doorway Group

Offer R-17

1 Hemlock	3 to 4 feet
1 Rosebay Rhododendron	2 to 3 feet
1 Mountain Andromeda	12 to 18 inches
1 Bigleaf Wintercreeper	5 year

\$18.75

Offer R-18 One each of above 3 groups \$43.00 ~ Two each \$84.00

*For explanation of grades see page 20.

\$44.50

Hedges often take the place of Borders or may be combined with them

Here are the most popular Deciduous Types

JAPANESE BARBERRY

THE best shrub for informal deciduous hedges. Brilliant red berries in fall are most attractive. Makes a dense almost impenetrable screen and may be sheared if desired. Plant 1 foot apart.

Height	10	100
18 to 24 inches	\$4.00	\$30.00
12 to 18 inches	3.00	25.00

ARALIA

AN excellent hedge, particularly well adapted to shady spots. Remarkably handsome foliage. Thrives unusually well under city conditions. Plant 18 inches apart.

Height	10	100
2 to 3 feet	\$5.00	\$40.00

CALIFORNIA PRIVET

PERHAPS the best known hedge plant. This privet stands shearing splendidly and it is very popular for formal effects. The foliage is a delightful green. Plant 8 inches apart.

Height	10	100
2 to 3 feet	\$1.80	\$10.00
18 to 24 inches	1.50	8.00

HYDRANGEA PEEGEE

VERY popular for informal edges. The large white flowers which appear in late summer and early fall are very striking. Allow plenty of space for growth. Plant 30 inches apart.

Height	10	100
2 to 3 feet	\$7.50	\$70.00
18 to 24 inches	6.50	60.00

IBOTA PRIVET

THIS variety is particularly desirable for a location where a high hedge is wanted to act as a wall or screen. Very hardy even in severely cold climates. Shears well. Plant 1 foot apart.

Height	10	100
3 to 4 feet	\$4.00	\$30.00
2 to 3 feet	3.00	20.00
18 to 24 inches	2.00	15.00

BUCKTHORN

THE thorny branches adapt this shrub for use in protective hedges. Plant 30 inches apart.

Height	10	100
5 to 6 feet	\$6.00	\$50.00
4 to 5 feet	5.00	40.00
3 to 4 feet	4.00	30.00
2 to 3 feet	3.00	25.00

RUGOSA ROSE

MAKES one of the loveliest informal hedges. Excellent for seashore properties where it thrives on sandy soil, sunshine and winds. Flowers are single and there is one variety with red flowers, another with white. Plant 18 inches apart.

Height	10	100
18 to 24 inches	\$6.50	\$60.00

THICKET HAWTHORN

BEAUTIFUL small tree form of dense growth. Excellent for protective hedges on property lines. White flowers in spring, scarlet fruit in fall. Plant 30 inches apart.

Height	10	100
5 to 6 feet	\$15.00	\$125.00
3 to 4 feet	10.00	80.00

Evergreen Hedges require little care and retain their beauty at all seasons

Arborvitae

Use the larger Arborvitae for such a hedge.

Trim your White Spruce hedge regularly

White Spruce

American Arborvitae. The most popular evergreen for hedges. The dense, soft, "feathery" foliage shears well and its dark green color forms an effective background. Larger sizes for screens or windbreaks are listed on page 11. Plant 2 to 3 feet apart.

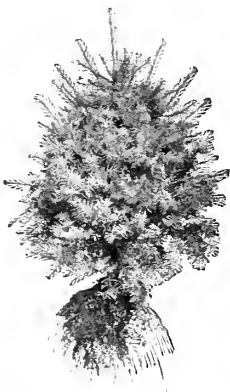

Height	10	100	Height	10	100
3 to 4 feet	\$35.00	\$300.00	18 to 24 inches	\$20.00	\$150.00
2 to 3 feet	25.00	200.00	12 to 18 inches	15.00	100.00

*All thrice transplanted B & B. stock Little-Tree Arborvitae are of unusually high quality.
All prices on this page include packing and are f. o. b. Framingham

White Spruce. An excellent evergreen for the rugged type of hedge. It holds its color well throughout the year and is made dense and massive by occasional shearing. Plant 2 to 3 feet apart.

Height	10	100	Height	10	100
3 to 4 feet	\$40.00	\$375.00	12 to 18 inches	\$8.00	\$60.00
2 to 3 feet	30.00	275.00	8 to 12 inches	6.00	40.00
18 to 24 in.	20.00	175.00			

*All thrice transplanted stock B & B, except 12 to 18 inch and 8 to 12 inch sizes which are twice transplanted with roots protected in suitable packing material.

Douglas Fir

Douglas Fir hedge at Little-Tree Farms

White Pine hedge—the perfect screen.

White Pine

Douglas Fir. This wonderful soft foliated evergreen shears well and makes a very pleasing hedge for lawn or garden. Leave unsheared for a tall naturalistic hedge. Plant 2 to 3 feet apart.

Height	10	100	Height	10	100
3 to 4 feet	\$45.00	\$400.00	12 to 18 inches	\$15.00	\$125.00
2 to 3 feet	35.00	300.00	8 to 12 inches	4.00	35.00
18 to 24 in.	25.00	200.00			

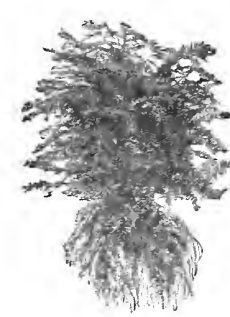

*All thrice transplanted stock B & B, except 8 to 12 inch size which is twice transplanted with roots protected in suitable packing material.

White Pine. An ideal hedge evergreen for New England. It grows rapidly and soon forms a dense barrier against trespass. Color good and foliage attractive. Plant 2 to 3 feet apart.

Height	10	100	Height	10	100
5 to 6 feet	\$60.00	\$500.00	3 to 4 feet	\$30.00	\$200.00
4 to 5 feet	40.00	300.00	2 to 3 feet	20.00	150.00

*All thrice transplanted B & B. stock
All prices on this page include packing and are f. o. b. Framingham.

Canada Hemlock and Japanese Yew are best for Garden Edgings

Hemlock

Canada Hemlock. A very graceful and long-lived evergreen. Shears well. Good for shady places. Plant 3 feet to 18 inches apart.

Height	10	100
3 to 4 feet	\$65.00	\$600.00
2 to 3 feet	35.00	300.00
18 to 24 inches	25.00	200.00
12 to 18 inches	20.00	150.00

All prices on this page include packing and are f. o. b. Framingham.

Japanese Yew. A superb dwarf evergreen. Similar to English Box in its dark green foliage and habit of growth. Rich glossy foliage. Plant 12 inches apart.

Height	10	100
8 to 12 inches	\$30.00	\$275.00

Dwarf Japanese Yew. A dwarf variant of the above.

Height	10	100
12 to 18 inches	\$40.00	\$375.00

*For explanation of grades see page 20.

Yew

For tall Screens and Windbreaks, the larger sizes give immediate effect

Use Arborvitae for screens and windbreaks of moderate height.

These are the best varieties

*All thrice transplanted *B & B stock.

American Arborvitae

SPLENDID for screens. Smaller sizes for hedges listed on preceding pages.

Height	10
8 to 9 feet	\$120.00
7 to 8 feet	100.00
6 to 7 feet	90.00

White Pine

ESPECIALLY suited to New England conditions.

Height	10
10 to 12 feet	\$120.00
8 to 10 feet	95.00
6 to 8 feet	65.00

White Spruce

ONE of the best. Branches close to the ground.

Height	10
6 to 7 feet	\$90.00
5 to 6 feet	70.00
4 to 5 feet	50.00

Red Pine

VERY popular type. Dense and sturdy.

Height	10
8 to 9 feet	\$95.00
7 to 8 feet	75.00
6 to 7 feet	65.00

Packing is charged for at cost on these White and Red Pines

American Arborvitae

White Pine

White Spruce

In the north, windbreaks of Pine or Spruce give protection to buildings, crops and cattle. They are a splendid investment.

The illustration above shows a Pine windbreak. Use Little Tree Farms Pines, they will beautify as well as protect your property.

*For explanation of grades see page 20.

Red Pine

Ornamental Evergreen and Deciduous Varieties

A well designed evergreen lawn planting such as this adds much to both the beauty of the home setting and the privacy of its occupants, increasing in value and the pleasure it gives to the owner from year to year

These stately evergreens and their shadows enhance the beauty of this lawn

ONLY choice specimen plants of the most ornamental varieties should be used for lawn, and path planting. The Evergreens selected for the three path entrance offers below are of best quality.

Path Entrance Group

Offer R-26 — \$16.00

Illustrated below at left. All first quality *B & B stock.

- Parsons Arborvitae 18 to 24 inches
- Canada Hemlock 18 to 24 inches
- Plume Cypress 2 to 3 feet
- Mountain Andromeda 12 to 18 in.

Order by name and number with remittance.

Dogwood, Pachysandra, Azalea and Shade Trees add to the beauty of this grassy path

Four charming evergreens illustrating offer R-26 above.

Path Entrance Group

Offer R-27 — \$22.50

Illustrated at the right. All first quality *B & B stock.

- 1 Blue Colorado Spruce 2 to 3 ft.
- 1 Canada Hemlock 18 to 24 inches
- 2 White Spruce 18 to 24 inches
- 1 Douglas Fir 18 to 24 inches
- 2 Ground Juniper 12 to 18 inches

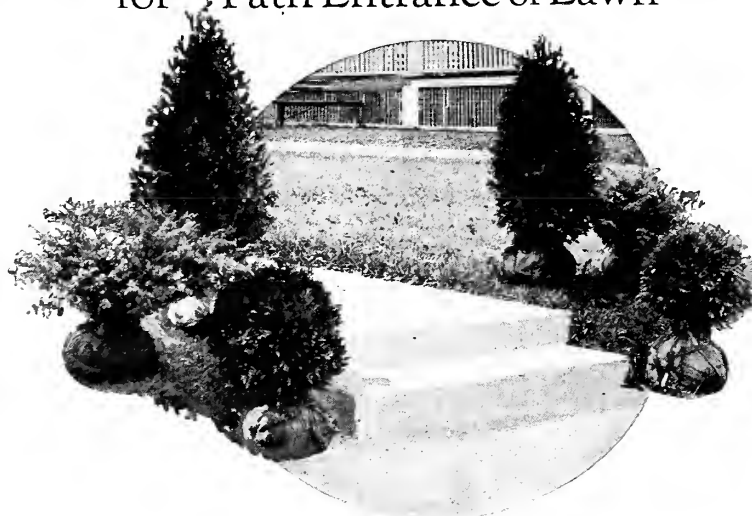

Order by name and number with remittance

This group from offer R-27 serves to accent this path entrance

Another Evergreen Group for Path Entrance or Lawn

PATH and drive entrances should be marked with suitable plantings on either side which should correspond with their landscape or architectural importance. The main path or drive entrance, therefore, especially where it is already marked by a gateway, arch, or gate posts, requires a correspondingly important "accent" planting. The small group offered at the right is suitable for the entrance of a simple path from the street to the house while the larger group on the next page is designed for the more pretentious driveway entrance. In both cases the planting may be duplicated on each side of the entrance.

Entrance Group of Six Choice Evergreens

Offer R-28

Illustrated at the left. All first quality *B & B stock.

- 2 American Arborvitae 3 to 4 ft.
- 2 Ground Juniper 18 to 24 in.
- 2 Globe Arborvitae 12 to 18 in.

\$19.00

Our prices include packing and are f. o. b. Framingham.

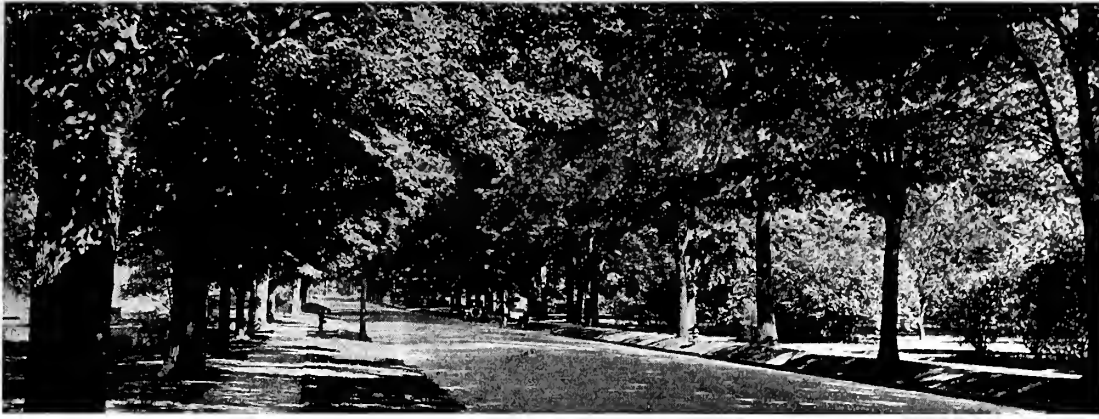

Order by name and number with remittance

**For explanation of grades see page 20.*

for Lawn, Path, Street, and Drive Plantings

Sugar Maple

On residential streets, trees should be set well back from the curb. This gives a spacious air and provides room for a possible widening of the street later. The illustration above shows a splendid planting of Sugar Maples

Red Oak

The monumental character of this entrance is enhanced by the stately dignity of columnar evergreens

FOR lawn and drive plantings we suggest Red Cedar; White, Engelmann, Colorado and Blue Spruces; White and Douglas Firs; White, Red and Austrian Pines; The Arborvitae and Hemlock. Also the following deciduous trees: Silver, Box Elder and Sugar Maples; The Elm and Lindens; The Oaks and Birches. These excellent varieties are offered in large sizes and splendid quality on pages 21 to 29 and 41 to 42.

For Street Plantings we recommend the Norway and Sugar Maples; White Ash; White, Scarlet, Pin and Red Oak; The Lindens and American Elm. For sizes and prices in quantity see pages 41 and 42.

Trees should not be set with too great a regularity along the private drive, as they are part of the lawn as well

A Dignified Drive Entrance

(Illustrated below)

These evergreens are all first quality *B & B stock (thrice transplanted grade) and the illustration fails to do them justice. Be sure to order two groups for both sides of the entrance.

1 Colorado Spruce	4 to 5 feet	1 White Fir	3 to 4 feet
1 American Arborvitae	4 to 5 feet	1 American Arborvitae	3 to 4 feet
1 White Spruce	3 to 4 feet	1 Douglas Fir	2 to 3 feet

Offer R-29A ~ Two groups—Twelve Evergreens ~ \$72.00

Offer R-29
Six Evergreens
\$37.00

Our price includes packing and is f. o. b. Framingham. Order by name and number with remittance.

*For explanation of grades see page 20.

Our prices include packing and are f. o. b. Framingham (except as noted). Order by name and number with remittance.

Let our landscape department design a rose garden for you.

Rose—Single Type

Rose—Double Type

Peonies are always satisfactory in the garden or bordering the lawns

Peonies and Iris are gorgeously effective

(For full lists, see page 35)

Regal Collection of 12 Peonies

Offer R-37

THESE 12 peonies offer a splendid range of harmonious color tones from white through rose, lavender and violet to deep crimson. All are on strong, heavy roots. They should give plenty of bloom by the second season.

Alexandre Dumas	Violet, rose and white
Aurore	White
Avalanche	White, crimson tipped
Delachei	Crimson, silver tipped
Eugenie Verdier	Hydrangea pink
Lafayette	Violet rose
Mme. Boulanger	Soft rose lavender
Mme. Emile Galle	Soft pink
Marie Stuart	Lavender crimson flecked
Philomele	Violet rose
Venus	Hydrangea pink
Virginia	Shell pink

\$10.50

CULTURAL DIRECTIONS. The Peony, unlike most Perennials, should not be transplanted every few years as a larger plant and more and larger blossoms will result if it is allowed to grow undisturbed in one location. It likes best a well drained, deep rich soil in which well rotted stable manure or sheep manure has been thoroughly mixed. Plant not deeper than two or three inches under the soil and water frequently during the flowering season.

Colorful Collection of German Iris

Offer R-38

NO flower presents a greater variety than the Iris and none is more popular. This collection of 15 choice plants on strong roots is especially noteworthy for its remarkable range of color.

Alcazar	Violet and purple
Aurea	Rich brown yellow
Caprice	Reddish purple
Florentina	White—lavender
Iris King	Yellow and maroon
Lohengrin	Mauve and violet
Loreley	Yellow and blue
Monsignor	Violet and purple
Mrs. H. Darwin	White and violet
Pauline	Lavender
Princess Beatrice	Lavender
Princess Victoria Louise	Yellow and plum
Rebecca	Yellow
Rhein Nixe	White and violet
White Knight	White

\$5.75

CULTURAL DIRECTIONS. The Iris is a Perennial that should be divided and transplanted every few years to prevent the development of too large and cumbersome clumps. It thrives best in a light, well drained soil, and fortunately for the inexperienced gardeners, it grows in most any kind of soil. Plant not more than two inches under the surface.

A field of Iris at Little-Tree Farms in June

Combination Collection of Peonies and Iris

Offer R-39

AS Peonies and Iris bloom practically at the same period they are often planted together. The Iris, planted in front of the Peonies, have an effective background in the massive dark green foliage of the latter. This is a very popular combination of these favorite perennials.

PEONIES

Baroness Schroeder	Flesh White
Eugenie Verdier	Hydrangea Pink
Felix Crousse	Brilliant Red
Mme. Boulanger	Soft Rose
Marie Stuart	Lavender and Crimson

GERMAN IRIS

Archeveque	Violet purple
Arnols	Yellow
Hector	Yellow and crimson
Juniata	Blue
Quaker Lady	Lavender blue
Wyomissing	White and rose

JAPANESE IRIS

Blue Danube	Rich blue
Snow Queen	Ivory white

\$8.50

Our prices include packing and are f. o. b. Framingham.
Order by name and number with remittance.

Just a corner in a field of "glads" at Little Tree Farms

Gladioli, Lilies, Phlox — delightfully colorful

Brilliant Collection of Gladioli

Offer R-40

"GLADS" are loved for their gorgeous colors. By planting at intervals of about ten to fifteen days one may have flowers throughout the season. This assortment is especially noteworthy for its wide variety of coloring.

ALICE TIPLADY — Orange saffron flowers.
ANNA EBERIUS — Dark purple, very fine form.
BARON HULOT — Rich deep indigo—striking.
CRIMSON GLOW—A perfect scarlet—very large.
EARLY SNOWFLAKE — White flaked and tinted rose.
HALLEY—Delicate Salmon pink, creamy spotting.
L'IMMACULEE — Pure white—medium size.
LOUISE — Exquisite shade of bright lavender.
MRS. WATT—American Beauty red—rich foliage.
1910 ROSE — Pure rose pink with narrow white lines.
YELLOW HAMMER — Pure creamy yellow—red markings.

5 each of the above, 55 first size bulbs

\$7.00

CULTURAL DIRECTIONS: Plant in well-drained, good soil and about 5 inches below the surface. They are most effective planted in clumps and scattered through shrubbery. Keep beds free from weeds.

Stately Collection of Hardy Lilies

Offer R-41

LILIES have now definitely come into their own and no flower garden is complete without them. These varieties are absolutely hardy and will do well almost anywhere but are best planted where there is plenty of sunshine. Set out in clumps for most interesting effects.

REGAL LILY (*Lilium regale*)
Gorgeous white trumpets slightly tinted with pink.
GOLDEN LILY (*Lilium auratum*)
The lovely sweet scented golden banded Lily of Japan.
ROSE LILY (*Lilium speciosum roseum*)
A magnificent pink lily with tips of petals gracefully recurved.
THE MELPOMENE (*Lilium speciosum melpomene*)
Like the preceding—deep pink heavily spotted with crimson.
TIGER LILY (*Lilium tigrinum splendens*)
The improved orange scarlet Japanese Tiger Lily.
TURKS CAP (*Lilium superbum*)
The stately Turks Cap Lily bearing from 20 to 30 lovely nodding orange red flowers in pyramidal clusters.

3 each of the above, 18 bulbs

\$10.00

N. B. The three collections on this page are especially valuable as being made up of plant varieties that yield a maximum of bloom in midsummer when the rest of the flower garden seems bent on repose.

Garden Collection of Hardy Phlox

Offer R-42

THE Phlox are one of the great garden standbys. Very hardy and profuse bloomers over a long season. Especially desirable as backgrounds for lowgrowing perennials. You will be pleased with this selection.

ANTONIN MERCE — Very large, pure white center.
BEACON — Brilliant cherry red. Very effective.
B. COMTE — A lovely phlox, amaranth in coloring.
COQUELICOT — Brilliant orange scarlet.
ELIZABETH CAMPBELL — Bright salmon pink, dark eye.
INDEPENDENCE — Pure white late in season.
JULES SANDEAU — Clear pink, large free flowering.
MISS LINGARD — Early flowering white with pink.
STELLA'S CHOICE — Large white flowers, tall, vigorous.
WELLESLEY — One of the best pinks grown.
10 each of the above varieties, 100 big rooted clumps

\$27.50

Phlox are readily grown in any good garden soil and these hardy varieties are immune to the severest weather if lightly mulched in the fall. Be sure to pick the flower heads before they seed to prevent reversion to type.

The Rock Garden—an Intriguing Novelty

A Carefully Selected List of Suitable Plants

EVERGREENS

Attractive all year round.

Name and Size	Each
Pfitzer Juniper 12 to 18 inches	\$3.25
Ground Juniper 12 to 18 inches	2.75
Irish Juniper 2 to 3 feet	3.50
Savin Juniper 12 to 18 inches	3.50
Swiss Stone Pine (New England only) 18 to 24 inches	4.00
Dwarf Mt. Pine 12 to 18 inches	4.00
Canada Yew 12 to 18 inches	2.50
Japanese Yew 8 to 12 inches	2.50
Dwarf Japanese Yew 12 to 18 inches	4.50
Spreading English Yew 8 to 12 inches	2.00
Parsons Arborvitae 18 to 14 inches	4.00
Globe Arborvitae 12 to 18 inches	3.00
Hovey Arborvitae 18 to 24 inches	3.50
Ware Arborvitae 18 to 24 inches	4.00
Canada Hemlock 18 to 24 inches	3.00

EVERGREEN SHRUBS

Beautiful glossy foliage all year.

Name and Size	Each
Wintercreeper 4 year	\$.85
Glossy Wintercreeper 2 year	.60
Bigleaf Wintercreeper 6 year	1.50

Name and Size	Each
Mountain Laurel 12 to 18 inches	\$2.50
Drooping Leucothoe 12 to 18 inches	2.00
Japanese Pachysandra 3 year	.25
Mt. Andromeda 12 to 18 inches	4.00
Carolina Rhododendron 18 to 24 inches	4.50
Catawba Rhododendron 18 to 24 inches	4.00
Rosebay Rhododendron 18 to 24 inches	3.00
Periwinkle 2 year	.25
Yucca 4 year	1.00

PERENNIALS

Delightful foliage and colorful blossoms.

Name	Each
Dwarf Goldentuft	\$.30
Wallress	.35
Pink Dwarf Phlox	.30
Lilac Dwarf Phlox	.30
Evergreen Candytuft	.35
Catnip	.35
Lily-of-the-Valley	.55
Colorado Columbine	.35
Long spurred Columbine	.35
Grass Pink	.35
Maiden Pink	.35
Goldmoss	.35
White Larkspur	.35
Blue Larkspur	.35
The Pearl	.30
Dwarf Alpine Aster	.30
Snow-in-Summer	.30

Our prices include packing and are f. o. b. Fr., mingham

The Backyard Garden — a Retreat from the City's Heat

A FEW potted plants, an awning or two, a couple of wicker chairs and a table will do much to transform the conventional city back yard to a place of rest and seclusion. Much more can be done, as shown in the illustration at the right, if space permits and, most important of all, the right plants are selected. The ones listed below are as nearly "fool proof" as possible.

EVERGREENS

Dwarf Mountain Pine
White Spruce
Blue Colorado Spruce
The Yews

EVERGREEN SHRUBS

Wintercreepers
Mountain Laurel
Rhododendrons
Japanese Pachysandra
Periwinkle
Yucca

FLOWERING SHRUBS

Brief remarks on the grading and packing of evergreens

Few realize the years of careful cultivation and watchful care required to produce a specimen evergreen.

Take *Thuja Occidentalis* (American Arborvitae) for example. First, come the tiny seeds (see above), collected by hand in their northern wilderness. They are planted by the hundred thousand in seed beds (such as are shown at the foot of the page) to germinate, a year later, under the combined influence of sun, rain and winter frosts and poke their heads above the soil in a myriad of little seedlings.

Now comes the struggle for existence. For two years, these thread-like plants must be constantly watered and weeded by hand, their tender tops protected from excessive sunlight by miles of screens, before they reach the dignity of the commercial seedlings marked S. at the right.

They are then transplanted to fresh soil and given room to develop. At the same time both tops and roots are thoroughly pruned to force a hardier and more compact growth in their new environment. At the end of another two years they are termed "Once transplanted" stock, the "T" Grade plant shown in lower left corner.

Again pruned and transplanted to new soil the "T" grade class is given two more years of cultivation and development before it is considered ready to pass

THE plant materials offered in this catalog are mainly the product of the two large nurseries owned and operated by Little Tree Farms at Framingham and Framingham Centre. Here in these fertile lowlands, whose rich soil is drained by miles of underground pipe lines, are the hundreds of broad acres bearing their crops of valuable plant life in apparently limitless profusion and in every stage of development from tiny seedlings to the mature plants, ready for their journey to your lawns and gardens.

Under these ideal conditions, coupled with the intensive cultivation and scientific care which they receive, it is but natural that the plants themselves respond with an almost unmatched vigor and vitality of growth so that grade for grade, and size for size, no better quality can be obtained anywhere.

A visit to the Farms at Framingham Centre will convince you of these facts more quickly and thoroughly than reams of printed matter. Here are the general offices with their staff of executives, landscape architects and engineers, clerks and stenographers ready to serve you in person or by mail. Here are the Show Grounds, Demonstration Gardens and Sample Beds, where you may walk at will and select for yourself at a minimum of trouble the plant varieties that interest you. Here, too, is the great new Sales Building whose crystal sides house a store of Garden Furniture, Tools and Specialties, pleasantly contrasted with potted plants and flowers of the season, in prodigal profusion. Here, too, is a corps of courteous salesmen ready to answer your questions or fill your needs from a simple garden tool or a plant or two to a carload order. Whether you come for pleasure or business,—merely to pass the afternoon pleasantly or to discuss seriously a vital problem in landscaping, you will find here a friendly and sympathetic welcome.

In the marginal notes on this page is given a brief explanation of our methods of grading and packing, particularly for Evergreens, which, we believe, you will find both interesting and illuminating. Please be sure to read it!

into the "TT" Grade or "Twice Transplanted" class shown in the next illustration.

("T" and "TT" Grade plants are shipped with their roots packed in damp moss or fiber and wrapped in heavy paper.)

Once more the transplanting and pruning process is repeated and after two years the evergreen is ready for graduation as a

"TTT" Grade plant, well formed above, big rooted and vigorous below—a product to be proud of.

B & B: it is then freshly dug at your order, and shipped "Balled and Burlapped," its fibrous roots in a ball of native loam, wrapped in burlap and securely tied with heavy twine. This method not only insures its delivery in good condition but gives the plant the right start in its new environment.

NOTE: Packing is included in our prices except in the case of several of the larger sizes of Red and White Pine.

Balsam Fir

Little-Tree Evergreens

All the time-tried varieties
together with the best of
recent introductions

White Fir

THE FIRS

THESE are the most gracious of the symmetrical Conifers. Their form is the symmetrical pyramid of the Spruce, and they have similar short needles and attractive cones; but they supply an attractive variation in general branch structure and in foliage tone. We grow at Little Tree Farms those Firs which are most hardy, enduring and beautiful.

BALSAM FIR

(*Abies balsamea*)

THE delicious fragrance of this northern Fir, the "Christmas Tree" of tradition, is most appealing. Rich, dark needles with silvery green lining are carried on a straight stemmed pyramid. Use the 4 to 5 and 5 to 6 foot trees as lawn specimens. The 2 to 3 and 3 to 4 foot sizes are best for evergreen groups where the lovely, graceful foliage is very effective mingled with other evergreens.

CYPRESS and JUNIPERS

Two Groups Notable for their Adaptability in the Formalistic Landscape

Sawara Cypress

SAWARA CYPRESS

(*Chamaecyparis pisifera*)

THE graceful drooping branches of this Cypress are covered with feathery, glossy green foliage. Pyramidal in shape, it stands shearing well and makes a beautiful formal specimen. It is used also in foundation and other group plantings. One of the hardiest of the Cypress family.

*THRICE TRANSPLANTED B & B			
Height	Each	10	
2 to 3 feet	\$5.00	\$45.00	
18 to 24 inches	4.00	35.00	

THREAD CYPRESS

(*Chamaecyparis pisifera filifera*)

AN UNUSUALLY decorative Cypress. Pendulous branches are slender and elongated. Foliage is deep green. A hardy semi-dwarf oriental form, effective in

Thread Cypress

groups or as a single specimen. Note the fine specimen plant above.

*THRICE TRANSPLANTED B & B

The JUNIPERS

Prostrate and Columnar
Varieties

THE Junipers hold a unique place in our landscape art, furnishing for this country the exquisite outline in medium scale which the classic Cypress and the ancient Cedars gave to the gardens of the Old World.

Pfitzer's Juniper

Pittsburgh, Penna.
May 14, 1927

Prompt service

"The Pfitzer Junipers are in splendid condition, and arrived more promptly than any other order I sent out this Spring. Thank you for your prompt attention to my order."

PFITZER JUNIPER

(*Juniperus chinensis pfitzeriana*)

SOFT, rich green, with wide horizontally spreading branches. Hardy and low growing. Use in foundation planting, in the garden or along a path. A choice plant for rock gardens where its foliage blends well with the rocky environment. Illustrated at left.

*THRICE TRANSPLANTED B & B			
Height	Each	10	
3 to 4 feet	\$12.50		
2 to 3 feet	6.50	\$60.00

Ground Juniper

Phoenix, N. Y.
October 11, 1927

"Extremely pleased"

"Shipment of evergreens, trees and shrubs on my recent order has just arrived and I am so extremely pleased that I feel it is a duty to express my satisfaction. The goods were not only as represented in every respect, but the evidence of careful preparation for shipment was pronounced."

*For explanation of grades see page 20.

Little Tree Farms is one of the few remaining sources of supply for the larger size in decorative evergreens, now so much in demand by landscape architects both professional and amateur.

Tall Cedars such as this 7 to 8 foot specimen are increasingly popular as "accents" in formal and informal plantings. Note the variety of sizes below and the reasonable prices at which such high quality plants are offered.

Irish Juniper

Greek Juniper

Savin Juniper

SPINY GREEK JUNIPER

(*Juniperus excelsa stricta*)

THE small blue-green leaves are close and compact and the general outline is that of a perfect cone. Splendid for all types of formalistic planting. Illustrated above.

*THRICE TRANSPLANTED B & B		
Height	Each	10
12 to 18 inches	\$3.00	\$25.00

SAVIN JUNIPER

(*Juniperus sabina*)

YOU'LL like this distinctly "different" evergreen. Low growing and compact with slender branchlets radiating from the center. Illustration above shows predominant characteristics.

*THRICE TRANSPLANTED B & B		
Height	Each	10
18 to 24 inches	\$4.50	\$40.00
12 to 18 inches	3.50	30.00
8 to 12 inches	2.50	20.00

IRISH JUNIPER

(*Juniperus communis hibernica*)

AN EXQUISITE, slender spire of light bluish-green. A favorite for pots or for accent in garden or foundation planting. Very close and compact habit of growth and very regular outline. Increasingly popular. Illustrated above.

The Irish Juniper is perfectly hardy in very cold climate, though it does need protection from very high winds in late winter.

*THRICE TRANSPLANTED B & B		
Height	Each	10
3 to 4 feet	\$4.50	\$40.00
2 to 3 feet	3.50	30.00
18 to 24 inches	3.00	25.00

CREeping JUNIPER

(*Juniperus horizontalis*)

THE "feathery" blue-green leaves and spreading habit of growth make this Juniper one of the finest edging plants. Particularly useful in the rock garden. This is one of the most "prostrate" evergreens.

Landscape architects universally throughout the country consider this very low growing evergreen an extremely valuable plant for all ornamental plantings. Illustrated below.

TWICE TRANSPLANTED B & B		
Height	Each	10
8 to 12 inches	\$1.50	\$12.50

Creeping Juniper

RED CEDAR

(*Juniperus virginiana*)

THIS Juniper, entirely hardy and vigorous, is the incomparable pointed column of the lesser evergreens, filling a place in all formal and highly decorative plantings approached only by the Arborvitae. Equally beautiful for formal and informal pictures. Feathery foliage, light blue berries, bright green summer color, coppery in winter. Needs no winter covering. Always a favorite of the landscape gardener for gardens, paths and lawns.

Little Tree Farms Red Cedars are carefully grown, healthy plants, well suited for use as accents around the house, in the garden or along drives. We call especial attention to the large specimen plants listed below and illustrated at the right.

One of our splendid 4 to 5 foot White
Spruce B&B

Our "top-grade" three times transplanted
Colorado Spruce in Tub

WHITE SPRUCE (*Picea canadensis*)

WHITE SPRUCE (illustrated above by a Little-Tree specimen) is justly considered one of America's best conifers. It is a favorite among tree-lovers for it combines great vigor and wide usefulness with undoubted beauty and distinction. It is a rapid grower, extremely hardy, and has a compact, conical shape with shimmering, silvery green foliage which is, in some trees, almost as blue as the Blue Spruce. It withstands exposure to salt air and pressure of snow or ice.

White Spruce bears shearing exceptionally well and may easily be kept within bounds. It is very popular for both formal and informal hedges—a handsome and impenetrable border. Use Little Tree Farms 2 to 3 and 3 to 4 foot sizes for hedges.

For woods planting, the small transplants and seedlings offer an opportunity to get large quantities of finest quality plants at low prices. We can recommend these sturdy well-rooted little plants.

*THRICE TRANSPLANTED B & B			
Height	Each	10	100

ENGLEMAN SPRUCE (*Picea engelmanni*)

THIS rare spruce has unusual beauty of form and color. The slender spreading branches, in close whorls, form a dense pyramid. A Rocky Mountain species of extraordinary hardness, its color suggests the Blue Spruce though the needles of the Englemann Spruce are softer and more pliant. Grows slowly. Illustrated below at right.

*THRICE TRANSPLANTED B & B			
Height	Each	10	
5 to 6 feet	\$12.00

Englemann
Spruce

COLORADO SPRUCE (*Picea pungens*)

THE COLORADO SPRUCE has always been a feature of Little Tree Farms. All our plants of this species are grown from the seed of hardy trees of the high, cold region of the Rocky Mountains—its native home.

The color, ranging from clear green to a bluish green, is perfect in all its variations. Pyramidal in form, the full foliated branches extend to the ground, or near it, and are covered with lustrous needles. Magnificent in health, vigor, and endurance.

We can unqualifiedly recommend the three times transplanted Colorado Spruces for all ornamental plantings, single and grouped. Especially good for tubs and pots.

The once transplanted quality is unusually well adapted for use in field and forest plantings.

Plant a row of these little transplants in your garden and in a few years you'll have ornamentals for use in your decorative plantings. We sell for this purpose the small once transplanted and seedling trees "nursery run" which means you get all colors from green to true blue.

THE BLUE COLORADO SPRUCE

The Largest Collection of "True Blues" in America

All selected, non-grafted specimens, very blue and symmetrical

BLUE SPRUCE

(*Picea pungens glauca*)

THIS Spruce is the bluest variant of the Colorado Spruce—the tree you mean when you ask for a "Blue" Spruce. The fine specimens here offered have a beautiful silvery blue color. It is said that Little Tree Farms has the largest and finest collection of "Blue" Spruces in the country.

The Blue Colorado Spruces are without a peer for use in ornamental pots, at doorways, in gardens as accents, and as lawn specimens. Little Tree Farms annually supplies thousands of these Spruces to customers who want the best.

The "Blues" are at their best when planted with a group of other conifers possessing variations of the same silvery bluish green. Such for example are the White and Engelmann Spruces, the White Fir and, among the lesser evergreens, certain variants of Red Cedar and other Junipers. Too much cannot be said of the hardiness and vigor of growth of this noble evergreen.

Plant your "Blue" Spruce in dark, rich garden loam to procure and maintain the deepest blue color. It will be a constant joy in your garden.

This is a good example of our first quality "Blue" Spruce; good color, full-foliaged and with a massive ball of roots. Read the letter in the

next column from one of our many satisfied customers. It is unsolicited and a remarkably fine tribute which we are justly proud of.

"Extraordinary Service"

Lafayette, N. Y.
October 10, 1927

"We wish to thank you very much for the splendid service on the order which you sent us on September 30th last.

"The Blue Spruce arrived in perfect condition and wonderfully well shaped and admired by all. It looks particularly well on the church lawn. The extra service which you apparently used in getting the order to us on time for the ceremony, and also your choice in selecting such a splendid tree for us do not escape unnoticed. Such service is so commonly not expected.

"Thanking you again for your extraordinary service, I am."

Red Spruce

RED SPRUCE

(*Picea rubra*)

RED SPRUCE is a fine, densely foliaged Spruce good to use in moist and shady places. Warmly green in color. Especially valuable for the north and for high elevations; in fact the most valuable Spruce of its natural habitat. (Cannot thrive in hot, dry places.) Combines well with Firs and other Spruces. Well illustrated by the Little Tree specimen at the left.

THE PINES

THE Kingdom of the Pines covers a wide range of type and habitat. Little-Tree Farms offers here and on the following page those best suited to our climate.

SWISS STONE PINE

(*Pinus cembra*)

A RARE semi-dwarf evergreen with deep green needles, silvery underneath. Grows slowly. Handsome in pots and evergreen plantings. For New England only. Illustrated above.

*THREE TIMES TRANSPLANTED B & B

Height	Each	10	100
2 to 3 feet	\$5.00	\$45.00	\$400.00
18 to 24 inches	4.00	35.00	300.00
12 to 18 inches	3.00	25.00	200.00
8 to 12 inches	2.00	15.00	125.00

LIMBER PINE

(*Pinus flexilis*)

A MOST BEAUTIFUL Pine for use alone or in the background of group plantings. Exquisitely graceful dark blue-green foliage. For New England only. Illustrated above.

*THREE TIMES TRANSPLANTED B & B

Height	Each	10	100
5 to 6 feet	\$7.00	\$60.00	\$550.00
4 to 5 feet	6.00	50.00	450.00
3 to 4 feet	5.00	40.00	350.00
2 to 3 feet	4.00	30.00	250.00
12 to 18 inches	2.00	15.00	125.00

Dwarf Mt. Pine

DWARF MOUNTAIN PINE

(*Pinus montana mughus*)

ONE of the hardiest and best dwarf evergreens. Rich, dark green color. Extremely popular for edging evergreen beds, foundation plantings, borders, drives and garden. Illustrated at left.

*THREE TIMES TRANSPLANTED B & B

Height	Each	10
12 to 18 inches	\$4.00	\$35.00

Little-Tree Red Pines in the larger sizes are especially noteworthy. These are very fine, full foliaged, big-rooted and straight. No better material grown for screens, windbreaks and

decorative use on your lawns or grounds. At the very reasonable prices at which they are offered (see next column) they form an exceptionally good "buy."

Our prices include packing, except where indicated, and are f. o. b. Framingham

*For explanation of grades see page 20.

AUSTRIAN PINE

(*Pinus nigra*)

A RUGGED and picturesque tree. The long branches have an unusual spread and are covered with long, stiff, dark green needles. Illustrated above.

*THREE TIMES TRANSPLANTED B & B

Height	Each	10
6 to 7 feet	\$12.00	\$110.00
5 to 6 feet	10.00	95.00

*SEEDLINGS

Height	100	1000
3 to 5 inches	\$3.50	\$25.00

RED PINE

(*Pinus resinosa*)

THE enduring qualities of Red Pine are very like those of Austrian Pine; it withstands the harshest New England winters; it grows on poor soils and near the salt spray.

Our Red Pines have never been better. So for quick results on your lawn, in the garden, or along the drive, plant the larger sizes. Illustrated at left.

*THREE TIMES TRANSPLANTED B & B

Plant Little-Tree White Pines in the larger sizes. Enjoy their stately beauty and leave a delightful heritage to your posterity.

The illustration at the right represents our 10 to 12 foot White Pines.

Specimen
White Pine

WHITE PINE

(*Pinus strobus*)

The Living Glory of New England

WHITE PINE is a supremely beautiful and valuable American tree, and has been rightly called "The living glory of New England" though due to past negligence its splendid crown is not so much a feature of the landscape in some localities as formerly. Rapid growing and hardy, it is one of the best commercial trees for New England and is widely used for reforestation. The once transplanted quality offered at the right is suitable for both commercial and pleasure woods.

For use as a lawn specimen, White Pine is unsurpassed. The soft, silvery green color and spreading branches are wonderfully appealing.

White Pine makes a protective and decorative high screen or an excellent clipped hedge. It is planted as a background to gardens, along paths and drives, and in lawn groups. The three times transplanted quality is best for these types of planting.

Little Tree Farms White Pines are unusually vigorous. They are grown from selected, healthy northern seed and are expertly cared for so that they become fine, full-foliated specimens like those shown at left.

Shipped in New England only

Mt. Vernon, N. Y.
May 29, 1927.

"The greens for the front foundation planting which you sent me last fall are in splendid condition, and all growing well and we are very proud of them. Whenever we have guests at our home we take pleasure in showing them these greens."

Chambersburg, Pa.
May 13, 1927.

"I received my little Pine trees as ordered in excellent condition, and planted them this morning. For their size I never saw stronger or finer ones and I will say I never bought any plants or shrubbery that I was better pleased with."

Plant a White Pine Grove

A PLACE of peace and beauty, a playground for your children, a place of cool and quiet for afternoon tea, or a small woods lot for profit.

These first grade balled and burlapped White Pines 4 to 5 feet are sure to bring maximum results in minimum time. They grow very rapidly. Plant 8 to 10 feet apart for best results. Order by name and number with remittance.

Offer R-47 20 WHITE PINES

4 to 5 feet. Best quality. (Thrice transplanted grade.)

\$62.50

Regular price \$80.00

SCOTCH PINE

(*Pinus sylvestris*)

As rugged and thrifty as the Scottish character

THIS is a vigorous, fast-growing Pine, irregular in shape, with short blue-green needles. No other Pine, not even the Austrian, excels it in rugged hardiness and adaptability to the most difficult conditions of soil and climate. It is equally at home on mountain slopes or exposed to the salt spray of Atlantic gales; from sleet and ice storms it comes up smiling.

Full foliated, when young, it tends with age to adopt an artistic irregularity of outline that is the delight of the landscape gardener. It is especially suitable for wind and snow breaks and protective belt plantings on poor soil and in exposed locations. See offer at right.

Scotch Pine

The YEWs and ARBORVITAE

Two Groups of Great Decorative Value

Spreading English Yew

SPREADING ENGLISH YEW^{*}

(*Taxus baccata repandens*)

THIS is the dwarf form of English Yew, the Yew of English history and letters. Its dark green heavily foliated branches have a graceful drooping habit. Very popular in all types of evergreen planting for fine low effects.

*THRICE TRANSPLANTED B & B		
Height	Each	10
12 to 18 inches	\$3.00	\$25.00
8 to 12 inches	2.00	17.50

Canada Yew

CANADA YEW

(*Taxus canadensis*)

A PLANT of unusual charm for edging and for use along paths, in gardens, and anywhere a fine low growing evergreen is needed. Smaller and more finely foliated than the Japanese Yew.

*TWICE TRANSPLANTED B & B		
Height	Each	10
12 to 18 inches	\$2.50	\$20.00
8 to 12 inches	1.50	10.00

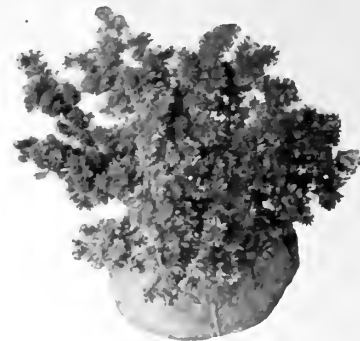

Japanese Yew

JAPANESE YEW

(*Taxus cuspidata*)

IS a most attractive low-growing evergreen if left unsheared, but may be sheared to formal shape. Very long lived. Foliage a rich, dark glossy green. There is no finer species for formal plantings.

*THRICE TRANSPLANTED B & B		
Height	Each	10
2 to 3 feet	\$8.00	\$75.00
18 to 24 inches	5.00	45.00
12 to 18 inches	3.50	30.00

Dwarf Japanese Yew

DWARF JAPANESE YEW

(*Taxus cuspidata nana*)

DWARF Japanese Yew, an aristocrat among the evergreens, is a small and more compact form of the Japanese Yew. Color a lasting and distinctive glossy green. The illustration above shows a fine Little-Tree specimen.

*THRICE TRANSPLANTED B & B		
Height	Each	10
12 to 18 inches	\$4.50	\$40.00
8 to 12 inches	3.00	25.00

Offer R-49 ~ One each of above 4 varieties 12 to 18 inches, thrice transplanted ~ \$12.50

AMERICAN ARBORVITAE

(*Thuja occidentalis*)

THIS is really an "all purpose" evergreen, indispensable in ornamental plantings, formal or naturalistic. Its rich dark green color is a splendid note in the landscape.

The shape varies from a plump, rounded spire to a slim pyramid. The illustrations at the left and right on this page show the wide variation in form. The flat, lacy sprays of foliage have the peculiar tendency to stand vertically instead of horizontally—a tendency shared by few other plants.

Little Tree Farms Arborvitae are known and planted all over the country. From their magnificent roots to their shapely, full-foliated tops, they are fitted for absolute success in every type of planting. Use the three times transplanted grade for all decorative plantings. Use the smaller grades for "large field" plantings.

*THRICE TRANSPLANTED B & B			
Height	Each	10	100

All three times transplanted B & B stock. Our prices include packing and are f. o. b. Framingham. Order by name and number with remittance

CANADA HEMLOCK

(*Tsuga canadensis*)

CANADA or American Hemlock, illustrated at the left, is an evergreen of rare beauty and grace. Its rich toned, gently drooping, dark green foliage makes it invaluable for decorative planting. One of the best evergreens for shady spots. It grows well on northerly slopes and exposed to cold, but should be protected from very high winds. For foundation, garden, hedges and group plantings use Little Tree Farms three times transplanted Hemlocks.

If you want a very low hedge use the twice transplanted grade. Our once transplanted quality is especially desirable for naturalistic plantings and extensive woods planting.

*THRICE TRANSPLANTED B & B			
Height	Each	10	100
3 to 4 feet	\$7.00	\$65.00	\$600.00
2 to 3 feet	4.00	35.00	300.00

*ONCE TRANSPLANTED			
Height	10	100	1000
8 to 12 inches	\$4.00	\$3.00	\$200.00
4 to 8 inches	3.00	20.00	150.00

These twice transplanted Hemlocks 18 to 24 inches at \$150.00 a hundred make excellent hedge material and may be sheared close or grown free as desired. Plant 18 inches apart.

Little Tree Specimen Hemlock

*For explanation of grades see page 20.

Little-Tree Perennials

"Here beats the Garden's
steadfast heart"

Achillea ptarmica

THE PEARL

Profuse double flowers borne in dense heads of pure white. Good foliage on strong stems and tree graceful habit of growth. Splendid for cut flowers and for borders. Frequently used in cemeteries and rock gardens. Blooms all summer. 1 1/2 feet.

Ea.-\$.50; 10-\$2.50; 100-\$17.00

Aconitum autumnale

AUTUMN MONKSHOOD

The large spikes of dark blue flowers from September until frost are very effective. 3 to 6 feet tall. Frequently used in shrubby borders in either sun or shade. Excellent for cutting.

Ea.-\$.55; 10-\$4.50; 100-\$27.00

Althea rosea

HOLLYHOCK

This old garden favorite bears flowers in assorted colors. An exceptionally good perennial for the background. The single type is admired because of its individuality. Blooms in July and August.

Ea.-\$.30; 10-\$2.50; 100-\$17.00

Althea rosea

DOUBLE HOLLYHOCK

The Double flowers are very lovely. This is a dependable favorite particularly useful to hide unsightly places or for the background of the border. 5 to 8 feet high. Blooms in July and August.

Ea.-\$.30; 10-\$2.50; 100-\$17.00

Alyssum saxatile compactum

DWARF GOLDENTUFT

The very large compact masses of golden flowers are among the first to appear in spring. Grayish green leaves. One of the best perennials for rock gardens.

Ea.-\$.30; 10-\$2.50; 100-\$18.00

Anchusa italica

DROPMORE BUGLOSS

This desirable hardy perennial blooms from June to September. The leaves are large and the flowering branches bear loose clusters of exquisite blue flowers. Very attractive to bees. 3 to 4 feet.

Ea.-\$.30; 10-\$2.50; 100-\$20.00

Anemone japonica alba

JAPANESE ANEMONE

Pure white flowers with yellow centers. One of the most exquisite varieties under cultivation. Blooms in fall and will grow in partial shade. 2 to 3 feet. Best planted where not exposed to early morning sun.

Ea.-\$.35; 10-\$2.50; 100-\$20.00

Anemone J. Queen Charlotte

QUEEN CHARLOTTE

Abundant, semi-double, pink flowers, broad and perfectly formed. A strong grower. Excellent for cut flowers. Blooms August to October.

Ea.-\$.35; 10-\$3.00; 100-\$25.00

Aquilegia caerulea

COLORADO COLUMBINE

The Columbines remain in bloom for a long season. Vigorous and long lived. They are much used in any hardy border or rockery. Will thrive in full sunlight or semi-shade. This variety has blue and white blossoms from May to June. 2 feet.

Ea.-\$.35; 10-\$2.50; 100-\$18.00

Aquilegia chrysantha

GOLDEN COLUMBINE

Prolific fragrant yellow flowers from June to August. Splendid for rock garden and herbaceous border. Does well in sunshine or partial shade.

Ea.-\$.35; 10-\$2.50; 100-\$18.00

Aquilegia hybrids

LONG SPURRED COLUMBINE

Scarlet and yellow petals with long spreading spurs. May blooming.

Ea.-\$.35; 10-\$2.50; 100-\$18.00

Arabis alpina

WALLCRESS

Fragrant masses of white flowers appear soon after the snow goes. A splendid rock garden plant, excellent for edging. 6 inches.

Ea.-\$.35; 10-\$2.50; 100-\$18.00

Asclepias tuberosa

BUTTERFLYWEED

Remarkably showy flat topped clusters of bright orange red flowers. Blooms during July and August. The intense color is extremely effective when used in masses. 2 to 3 feet.

Ea.-\$.35; 10-\$3.00; 100-\$20.00

Aster alpinus

DWARF ALPINE ASTER

Purplish blue and white flowers in May and June. Grows 6 to 8 inches. Very fine for rockeries and naturalizing.

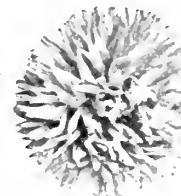

Ea.-\$.30; 10-\$2.50; 100-\$20.00

Aster climax

LIGHT BLUE ASTER

The large flower is a delicate lavender-blue and appears from August to October. 4 to 5 feet. Very pleasing in color and splendid for cutting.

Ea.-\$.35; 10-\$2.50; 100-\$20.00

Astilbe Queen Alexandria

QUEEN ALEXANDRIA ASTILBE

This erect, deep pink flower which appears from June to July is very effective as an edging plant.

Ea.-\$.60; 10-\$5.00; 100-\$45.00

Boltonia asteroides

WHITE BOLTONIA

The Boltonias are hardy, showy plants with large single aster-like flowers, and long grayish leaves. In bloom during the Summer and Autumn months. This variety is white and grows 5 to 6 feet tall. One of the most useful plants. Excellent for cutting.

Ea.-\$.30; 10-\$2.50; 100-\$17.00

Boltonia latiscuama

VIOLET BOLTONIA

Similar to the White Boltonia, but has handsome lilac purple flowers. One of the best Autumn flowering varieties. Splendid for cutting.

Ea.-\$.30; 10-\$2.50; 100-\$17.00

Calimeris incisa

STARWORT

In any garden this purple flower with its velvety center makes a big display in July and August. 1 to 2 feet. Very desirable for cutting.

Ea.-\$.35; 10-\$2.50; 100-\$20.00

Campanula carpatica

CARPATIAN BELLFLOWER

The Bellflowers are old favorites and every garden should have this indispensable flower. The flower of this variety is large and deep blue compact and low growing. Blossoms June to October. An excellent edging plant.

Ea.-\$.35; 10-\$2.50; 100-\$20.00

Campanula carpatica alba

WHITE BELLFLOWER

Like the Carpathian Bellflower except that the flowers are white. Very desirable, as the foliage lasts throughout the season.

Ea.-\$.35; 10-\$2.50; 100-\$20.00

Campanula persicifolia

PEACHLEAF BELLFLOWER

The large shallow bell-shaped flowers are a handsome purple-blue. A most attractive plant of graceful habit. Very desirable for garden or border in sun or partial shade. Grows to about 2 to 3 feet.

Ea.-\$.35; 10-\$2.50; 100-\$20.00

Campanula persicifolia alba

WHITE PEACHLEAF BELLFLOWER

Same as Peachleaf Bellflower except that it has white flowers.

Ea.-\$.35; 10-\$2.50; 100-\$20.00

Centaurea dealbata

PERSIAN CENTAUREA

The large and striking rose-pink flowers appear from June to August. It grows 18 to 24 inches tall and is very compact. The seeds are very attractive to birds.

Ea.-\$.35; 10-\$2.50; 100-\$20.00

Cerastium tomentosum

SNOW-ON-SUMMER

This low growing plant has silvery white foliage and produces an abundance of snow-white flowers. Foliage attractive throughout the season. Blossoms in June. Invaluable for rockeries. Will grow in dry places. Much used for covering graves and steep banks.

Ea.-\$.30; 10-\$2.50; 100-\$17.00

Ceratostigma plumbaginoides

LARPENTE PLUMBAGO

Blooms persistently from July until frosts. Grows 10 to 12 inches high, has masses of lasting dark green, glossy foliage and trusses of deep blue flowers. A very valuable plant for borders, edgings, and rockeries.

Ea.-\$.40; 10-\$3.50; 100-\$25.00

Chrysanthemum

BOSTON

Beautiful bronzy orange blossoms on tall branched stems. Blooms in October.

Ea.-\$.35; 10-\$2.50; 100-\$17.00

Chrysanthemum

This is a very beautiful dwarf plant with white flowers from June to August. Delightful in edgings and rock gardens.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Delphinium grand. chinensis azurea**BLUE LARKSPUR**

Like the form above except that its color is blue.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Dianthus barbatus**SWEET WILLIAM**

No matter where you travel this old-fashioned flower is always very popular. The colors are assorted. Its clustered flowers appear in May, June and July.
Ea.-\$.35; 10-\$2.50; 100-\$17.00

**Dianthus deltoides****MAIDEN PINK**

A charming little plant with narrow leaves and profuse small flowers in May and June. Flowers range from white to crimson. A dainty and appealing rock plant.
Ea.-\$.35; 10-\$3.00; 100-\$20.00

Dianthus plumarius**GRASS PINK**

This very delightful rock garden plant has fringed flowers ranging from white to bright scarlet. They appear in May and June and are extremely fragrant. It grows 9 to 12 inches tall and has excellent and lasting foliage. A most useful plant for garden or border.
Ea.-\$.30; 10-\$2.50; 100-\$17.00

Dicentra spectabilis**BLEEDING HEART**

One of the most loved old-fashioned flowers. Heart shaped blossoms, ranging from light pink to rosy red, are most graceful and interesting. Grows from 1 to 2 feet. Blossoms from May to July.
Ea.-\$1.00; 10-\$9.00; 100-\$80.00

**Digitalis ambigua****YELLOW FOXGLOVE**

The Foxgloves are favorites. They are hardy. Like sunny locations and blossom from July to September. The flowers are bell-shaped and are borne on tall spikes. This variety has yellow flowers with brown markings. 2 to 3 feet tall.
Ea.-\$.30; 10-\$2.50; 100-\$20.00

**Digitalis purpurea****FOXGLOVE**

The bell-shaped flowers are purple and borne on tall spikes. It grows 2 to 3 feet and is useful either in the garden or border. Deservedly a favorite. One of the most desirable plants for naturalistic gardens.
Ea.-\$.30; 10-\$2.50; 100-\$17.00

Filipendula hexapetala**DROPWORT**

The beautiful plume-like flowers, double and white, appear in June and July. The foliage is fern-like in structure and grows 12 to 18 inches tall. Excellent for edgings and cut flowers.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Gaillardia aristata**PERENNIAL GAILLARDIA**

This very popular cutting flower is dark red with brown centers ringed with orange, crimson and red. It blossoms from June to November. Grows 2 to 3 feet tall.
Ea.-\$.30; 10-\$2.50; 100-\$17.00

**Geum atrosanguineum****DOUBLE CRIMSON AVENS**

This very conspicuous dwarf plant is fine for rockery or border. The flowers are deep scarlet and appear from June to September. Splendid for mass planting, borders and rockeries.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Gypsophila paniculata**BABYSBREATH**

This slender low-growing Perennial is hardy, easy to grow and makes an excellent cut flower. The white flowers are borne on loose panicles from July to August. One of the daintiest of the old-fashioned flowers. Will grow in dry places and poor soil.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Helenium autumnale**SNEEZEWEED**

This is an excellent background plant. The golden yellow flowers appear in August and September. The flowers are flat and are borne in large clusters. It grows 4 to 6 feet tall.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Helenium Riverton Gem**GEM SNEEZEWEED**

The variety is a rich crimson bronze color. Blooms August to November. A very fascinating and unusual plant, desirable in any collection. 2 to 3 feet tall.
Ea.-\$.40; 10-\$3.50; 100-\$25.00

Helianthemum perfoliatum roseum**SUNROSE**

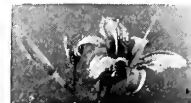

This low-growing evergreen plant forms broad clumps covered by a mass of bloom from July to September. The flowers are salmon pink with yellow centers. One of the most effective ground covers for exposed places.
Ea.-\$.35; 10-\$3.00; 100-\$25.00

Hemerocallis flava**LEMON DAYLILY**

These stately "lilies" are fragrant. Good for cut flowers and make a very fine showing in any garden or border. This variety is clear yellow. Early summer.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Hemerocallis thunbergii**JAPANESE DAYLILY**

This excellent variety with buttercup yellow flowers is very much like the Lemon Daylily, but flowers about a month later.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

**Hesperis matronalis****DAMES ROCKET**

Fragrant white, pink and lavender flowers in low showy spikes. A very desirable perennial for garden or mixed border. Blooms in May and June. An excellent cut flower.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Heuchera sanguinea**CORALBELLS**

A beautiful low-growing plant for the front row of borders. Slender fairy-like spikes of bright crimson blossoms appear from June till September. Very good for rock gardens and for cutting.
Ea.-\$.50; 10-\$4.50; 100-\$40.00

Hibiscus moscheutos**ROSEMALLOW**

The large, light red flowers appear in August and September. This very showy plant is effective in the background or as a screen. Combines well with Hollyhocks.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Hosta lanc. und. variegata**WAVYLEAF PLANTAINLILY**

This blue flower with its variegated foliage makes a very attractive border in June and July. 1 foot. One of the best Plantainlilies.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Iberis sempervirens**EVERGREEN CANDYTUFT**

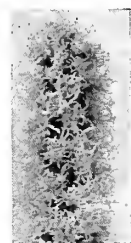

This splendid rock garden Perennial has pure white flowers which appear in May. It is a profuse bloomer and very dwarf.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Kniphofia uaria pfitzeri**BONFIRE TORCHLILY**

Often called "Red Hot Poker." A free and continuous bloomer from August to October. Spikes 3 to 4 feet tall with very conspicuous scarlet orange blossoms. Very effective whether used singly or in masses.
Ea.-\$.50; 10-\$4.00; 100-\$30.00

Lavandula officinalis (vera)**TRUE LAVENDER**

The well beloved fragrant plant of the old fashioned garden. Downy silvery gray foliage and long spikes of blue lavender flowers. Blooms freely July thru September. Lovely in borders, on dry banks and in rock gardens.
Ea.-\$.40; 10-\$3.50; 100-\$25.00

**Liatris pycnostachya****CATTAIL GAYFEATHER**

These great rocket-like flower spikes are a pale purple and are very striking in a garden or border. Flowers from August to October and grows 3 to 5 feet tall. Very attractive to butterflies.
Ea.-\$.35; 10-\$2.70; 100-\$20.00

Lobelia cardinalis**CARDINAL FLOWER**

This strikingly beautiful scarlet flower appears in July and August. It is excellent for naturalizing and grows 3 feet tall. Particularly good for damp spots and along the water. Does best in partial shade.
Ea.-\$.35; 10-\$2.70; 100-\$20.00

Lupinus polyphyllus**WASHINGTON LUPINE**

The Lupine produces beautiful long spikes of pea-shaped flowers on stems 3 feet high. This is a deep blue. Most effective when planted in masses in the border or along ponds or streams. Excellent for cutting. Grows well in partial shade. May and June.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Lupinus polyphyllus roseum**BLUSH LUPINE**

Like the Washington Lupine, but has rosy pink flowers. Indispensable for border or garden. May and June.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

**Lychnis chalcidnoica****MALTESE CROSS**

Often called Jerusalem Cross or Scarlet Lightning. One of the most brilliant old fashioned perennials. Large heads of vivid scarlet flowers last from June to August. 2 to 3 feet. Good for cutting.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

**Lychnis viscaria splendens**
ROSE PINK CAMPION

Forms a dense tuft of evergreen foliage. Handsome spikes of double deep red fragrant flowers in summer. 8 to 10 inches high. Excellent for borders.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Lysimachia clethroides**CLETHRA LOOSESTRIFE**

Very showy and graceful. The long dense flower spikes are white and appear July to September. The autumn foliage is particularly attractive. 3 feet.
Ea.-\$.35; 10-\$3.00; 100-\$20.00

Monarda didyma**OSWEGO BEEBALM**

An aromatic plant. Very striking and good for borders and cutting. The flowers are a brilliant scarlet.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Nepeta mussini**CATNIP**

This spreading ground cover is well adapted for banks and rockeries. The numerous light blue flowers appear in May. An unusually good border or edging plant. Plant a bed for the kitten.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Oenothera fruticosa youngi**YOUNG'S SUNDROPS**

One of the favorite Evening Primroses. Rich golden yellow flowers are freely produced from June to September. A strong large-leaved perennial. Grows about 2 feet.
Ea.-\$.35; 10-\$2.50; 100-\$20.00

Little-Tree - Roses -

Rose varieties are Legion. The lists below are the cream of the latest and most popular

HYBRID TEAS

"EVERBLOOMING." Wonderful colors, sizes and forms have been created through hybridizing. All hardy, 2 year field-grown plants.

Betty
Exquisite coppery-rose buds. Large buff-pink flowers. Splendid bloomer.

Columbia
Beautiful pink which deepens as blooms mature. Free flowering.

Duchess of Wellington
Large tapering buds of intense saffron yellow—stained with deep crimson. Free flowering and fragrant.

Francis Scott Key
Rich crimson. Double blooms of large size. A glorious rose.

General MacArthur
Large, full, well-shaped flowers. Velvety scarlet, shading to crimson.

George C. Waud
Glowing vermillion flowers. Vigorous and healthy. Very dependable.

Gruss an Teplitz
Beautiful clear crimson flowers from June till frost. Fine garden rose.

Kaiserin Auguste Victoria
Soft, pearly white with slight lemon tinge at center. Exceedingly fragrant.

Killarney
Lovely, long pointed buds opening into large, loose blooms of pink, tinted white.

Killarney White
A pure white sport of the Killarney. One of the best white garden roses.

Los Angeles
Pink, toned with coral and shaded with yellow. Free flowering. Very fragrant.

Mme. Butterfly
Exquisitely shaped. Pale pink, gold-tinted at base of petals. Delightfully perfumed.

Mme. Caroline Testout
Strong plant with large satiny rose flowers. Dependable and persistent bloomer.

Mme. Edouard Herriot
Coral red buds opening to large flowers of brilliant orange, red and salmon. Very brilliant.

Ophelia
Large, full, perfect blooms—light salmon, shading to yellow. A great favorite.

Radiance
Brilliant carmine with salmon pink and yellow shadings at base of petals. A splendid rose for vase or garden.

Red Radiance
Lovely, radiant red flowers. Very fragrant. Produces flowers freely all summer till frost.

Souvenir de Claudius Pernet
Long, pointed buds. Large, full flowers of deep yellow. One of the best yellow roses.

Sunburst
Long, lovely buds opening to full, large flowers of sulphur yellow. Beautiful.

HYBRID

PERPETUAL ROSES

HARDY and vigorous roses. The flowers are larger, sweeter and more abundant than any other class.

All 2 year field-grown plants.

Clio
Big, double flowers of satiny flesh color with rich rose center. Profuse blooms.

Frau Karl Druschki
Pink buds and pure white, finely shaped flowers. The best white rose. Free bloomer.

General Jacqueminot
The favorite "Jack Rose." Brilliant crimson flowers, well shaped, very fragrant.

George Arends
Exquisite, soft pink, delicately scented blooms, fine foliage. Free flowering.

Magna Charta
Large, fragrant pink double flowers suffused with carmine. One of the best.

Margaret Dickson
Well formed white flowers with pale pink centers. A large plant with splendid foliage.

Mrs. John Laing
Large, soft, clear pink flowers, very fragrant, almost thornless. A free bloomer.

Paul Neyron
Largest flowers of any known rose—double and fragrant—most prolific lilac rose blooms.

Prince Camille de Rohan
Deep velvety crimson or maroon. Deliciously fragrant. Well formed, moderate growth.

Soleil d'Or
Golden yellow, shaded nasturtium red. A fine bloomer.

Ulrich Brunner
Profuse bloomer. Large fragrant flowers of brilliant cherry red.

American Beauty

Rich carmine blossoms. Good foliage. (Fragrant)

Dr. W. Van Fleet

One of the finest climbers. Large pale pink flowers on long individual stems. Handsome glossy foliage. Ideal for cut flowers. Flowers in midseason.

Dorothy Perkins

Perhaps the most popular rambler—clear shell pink, double flowers in lovely sprays. Late bloomer.

Excelsa

Large, brilliant, crimson clusters—a vigorous plant. Blooms profusely. Late.

Paul's Scarlet Climber

Free flowering. Vivid scarlet, semi-double flowers in small clusters. Flowers last well and fade very little. Midseason.

Purity

Very hardy, with beautiful and profuse white flowers in long sprays. Excellent foliage and long blooming season.

Silver Moon

A very vigorous plant. Beautiful foliage. Pure white, semi-double blooms with yellow stamens. Midseason.

Tausendschon

Large, charming ruffled flowers. Bright cherry pink on opening, changing later to lighter tints. Nearly thornless and very strong. Early.

~ VINES ~

BE it ever so humble, or ever so small, every home has room for a vine or two, to cover a back porch or trellis, climb over an old stone wall or brick chimney, festoon a pergola or enclose a tennis court—to mention but a few uses.

VIRGINIA CREEPER

(*Ampelopsis quinquefolia*)

THOROUGHLY satisfactory and vigorous vine. Foliage delicate green all summer, changing to brilliant autumn reds. Blue berries in heavy sprays in Fall. (Shown at right.)

Grade	Each	10	100
6 year	\$.50	\$ 3.50	\$ 30.00

ENGLEMANN CREEPER

(*Ampelopsis quinquefolia engelmanni*)

FAST growing vine with very handsome foliage. Use on verandas, arbors and fences.

Grade	Each	10	100
5 year	\$.50	\$ 3.50	\$ 30.00

JAPANESE CREEPER

(*Ampelopsis tricuspidata*)

THIS is the much loved Boston Ivy. The beautiful glossy foliage clings closely to walls and makes a charming barrier of green.

Grade	Each	10	100
2 year	\$.60	\$ 5.00	\$ 45.00

DUTCHMAN'S PIPE

(*Aristolochia siphon*)

THE large, handsome leaves of this hardy and rapidly growing vine form a dense shade and make it excellent for screening porches. (See illustration at right.)

Grade	Each	10	100
4 year	\$ 2.00	\$ 17.50	\$ 150.00
2 year	\$ 1.25	\$ 10.00	\$ 90.00

TRUMPET CREEPER

(*Bignonia radicans*)

ATTRACTIVE foliage and striking orange-scarlet flowers. A splendid vine for covering walls and rocks.

Grade	Each	10
4 year	\$.85	\$ 7.50
3 year	.60	5.00

JACKMAN CLEMATIS

(*Clematis jackmani*)

THE showiest of the Clematis. The deep violet flowers are rich and velvety. (See illustration at left.)

Grade	Each	10
2 year	\$ 1.50	\$ 12.50

AMERICAN BITTERSWEET

(*Celastrus scandens*)

BRIGHT red berries in autumn make its spray ideal for winter home decoration.

Grade	Each	10	100
6 year	\$ 1.00	\$ 9.00	\$ 80.00
4 year	.50	4.00	35.00

SWEET AUTUMN CLEMATIS

(*Clematis paniculata*)

A GRACEFUL and popular vine with glossy foliage and with abundant fragrant white flowers in Fall.

Grade	Each	10	100
4 year	\$.50	\$ 4.00	\$ 30.00

VIRGIN'S BOWER

(*Clematis virginiana*)

A HARDY variety with white flowers. Especially good for walls and fences.

Grade	Each	10	100
4 year	\$.50	\$ 4.00	\$ 30.00

HALL JAPANESE HONEYSUCKLE

(*Lonicera japonica halliana*)

THE foliage of this vigorous, fast-growing vine is most attractive and the yellow-white flowers are deliciously fragrant.

Grade	Each	10	100
5 year	\$.85	\$ 7.50	\$ 60.00

CHINESE BLUE WISTERIA

(*Wisteria sinensis*)

THIS hardy, long-lived vine is a favorite. Gorgeous clusters of purple-blue flowers. See illustration at left.

Grade	Each	10	100
4 year	\$.75	\$ 6.50	\$ 60.00

WHITE WISTERIA

(*Wisteria sinensis alba*)

VERY similar to Chinese Blue Wisteria, but has striking white flowers.

Grade	Each	10	100
4 year	\$.75	\$ 6.50	\$ 60.00

Little-Tree Iris & Peonies

Little-Tree first quality Iris and Peonies have been carefully selected from hundreds of varieties.

No garden is complete without them

IRIS

IRIS, the "Lilies" of France and the "Flags" of our grandmothers, are among the most satisfactory of garden plants. Very floriferous and with a wide range of colors, they combine especially well with Peonies in long beds or borders along fences, walls or pathways. They require little care and multiply rapidly. Divide and transplant every 3 or 4 years.

In addition to the many fine German Iris a few choice Japanese and Siberian varieties are listed.

GERMAN IRIS

"S" signifies standards or upright petals; "F" falls or drooping petals.

Name	Each	10
A. E. Kunderd S, yellow bronze, magenta tinged; F, magenta red.	\$.50	\$4.00
Alcazar S, light violet; F, deep purple with bronze veined throat.	\$1.00	\$9.00
Anna Farr S, white, bordered pale blue; F, pure white, blue at base.	\$1.00	\$9.00
Archeveque S, deep purple-violet; F, rich deep velvety violet.	\$.40	\$3.50
Arnols Large S, deep chrome yellow; F, the finest pure yellow.	\$.35	\$3.00
Azurea Medium height, S, violet blue; F, light yellow.	\$.25	\$2.00
Blue Boy A vigorous bloomer; flower a distinct shade of blue.	\$.35	\$3.00
Caprice A wonderful Iris whose color is a reddish purple.	\$.30	\$2.50
Florentina Flowers early in the season; fine for cutting. A creamy white, lavender flushed.	\$.30	\$2.50
Halfdan Very early, large creamy white flowers of good substance.	\$.30	\$2.50
Hector A very showy variety. S, soft yellow; F, velvety dark crimson.	\$.25	\$2.00
Her Majesty S, lovely rose pink; F, crimson with darker shades.	\$.35	\$3.00
Hiawatha S, pale rose flushed with lavender; F, royal purple.	\$.50	\$4.50
Iris King A beautiful new Iris. S, clear lemon yellow; F, rich maroon.	\$.50	\$4.50
Juniata The tallest of the Bearded Irises. Clear blue, fragrant flowers.	\$.35	\$3.00
Kochi Early, very handsome, S. and F, rich claret purple.	\$.35	\$3.00
Lohengrin S, mauve; F, Chinese violet. Large, a free bloomer.	\$.30	\$2.50
Loreley S, light yellow; F, ultra-marine blue, bordered cream.	\$.25	\$2.00
Mithras S, yellow; F, wine red, with narrow border of deep yellow.	\$.25	\$2.00
Monsignor S, rich satiny violet; F, velvety purple crimson.	\$.35	\$3.00
Mrs. Allan Gray S and F, delicate old rose, broad petals.	\$.35	\$3.00
Mrs. H. Darwin A very beautiful pure white with violet at base.	\$.30	\$2.50
Pauline A very popular Iris. S, lavender; F, slightly darker.	\$.35	\$3.00
Perfection A lovely flower. S, light blue with deeper flecks; F, orange.	\$.35	\$3.00
Princess Beatrice Rated second best by Iris Society. Lavender.	\$.75	\$7.00
Princess Victoria Louise S, sulphur yellow; F, rich plum with cream border.	\$.30	\$2.50
Quaker Lady S, lavender; F, blue shading to gold.	\$.40	\$3.50
Rhein Nixe S, pure white; F, deep violet blue with a white edge.	\$.35	\$3.00

Wilbrink	\$.80	\$6.50
Lovely flesh pink. Creamy blotch on lower petals.		
Yellow Hammer	\$1.00	\$8.00
Pure creamy yellow. Tiny red markings in throat.		

Cultural Directions

In light soils the bulbs should be planted to a depth of 5 to 6 inches, in heavy soils a depth of 3 to 4 inches is sufficient. In any case they are best planted 3 to 4 inches apart to allow the tall flower spikes to support each other and prevent bending over in high winds. They give the best effects when arranged naturally in clumps, in beds or amongst shrubbery plantings, though they may be planted in rows in the garden. When planting in rows it is well to plant 2 to 3 rows together, each row 3 to 4 inches apart to give additional support to the spikes. For a long blooming period plant each row at intervals of about 15 days.

Rosebay Rhododendron

Little-Tree Evergreen Shrubs

Wintercreeper

ROSE DAPHNE

(Daphne cneorum)

A LOW-GROWING shrub prized for its rosette-like flowers, rose-pink in color, which remain throughout the summer. Give winter protection.

*THRICE TRANSPLANTED B & B

Height	Each	10
12 to 18 inches	\$3.00	\$25.00

GLOSSY WINTERCREEPER

(Euonymus radicans carrierei)

Low shrub with spreading branches and shining leaves. Combines exceptionally well with coniferous evergreens.

Grade	Each	10	100
2 year	\$.60	\$5.00	\$45.00

Bigleaf
Wintercreeper

BIGLEAF WINTERCREEPER

(Euonymus radicans vegeta)

THE nearly round, soft dark green leaves, larger than those of the other Wintercreepers, are attractive both summer and winter. Bright red berries tinged with white often appear in profusion in fall and remain on the branches a long time.

Grade	Each	10	100
6 year	\$1.50	\$12.50	\$100.00
4 year	.85	7.50	60.00

Mountain Laurel

MOUNTAIN LAUREL

(Kalmia latifolia)

THIS favorite shrub has abundant large corymbs of beautiful rose-tinged flowers in June. The foliage is very decorative, contrasting well with the red and yellowish branches. A splendid medium sized shrub for paths, drives and foundation plantings. Very hardy, endures shade and will thrive in both wet and dry places.

*THRICE TRANSPLANTED B & B

Height	Each	10	100
18 to 24 inches	\$3.00	\$25.00	\$225.00
12 to 18 inches	2.50	20.00	175.00

A VALUABLE group of plants of various species, characterized by great hardiness and practically evergreen foliage, though not related in any way to the Coniferous Evergreens.

WINTERCREEPER

(Euonymus radicans)

A DELIGHTFUL low plant with thick, glossy, dark green leaves. Used as an edging plant, ground cover or climbing vine. Extremely hardy and handsome throughout the year.

Grade	Each	10	100
4 year	\$.85	\$7.50	\$70.00
3 year	.75	6.50	60.00

VARIEGATED WINTERCREEPER

(Euonymus radicans variegata)

THE Wintercreepers are better suited to the New England climate than English Ivy and are truly evergreen. This interesting variety has white edged dark green leaves.

Grade	Each	10	100
5 year	\$1.50	\$12.50	\$100.00
3 year	.75	6.50	60.00

Drooping Leucothoe

DROOPING LEUCOTHOE

(Leucothoe cataebsaei)

A N exquisite, small, drooping shrub with shiny dark green leaves which sometimes color to bronze and claret shades in autumn. Lovely white flowers. Combines well with Mountain Laurel, Rhododendrons and Coniferous Evergreens.

*THRICE TRANSPLANTED B & B

Height	Each	10	100
12 to 18 inches	\$2.00	\$17.50	\$150.00

Japanese
Pachysandra

JAPANESE PACHYSANDRA

(Pachysandra terminalis)

THE thick, glossy evergreen leaves forming an impenetrable mat make this low growing plant one of the best ground covers.

Grade	10	100
4 year	\$2.50	\$20.00
3 year	2.00	15.00

MOUNTAIN ANDROMEDA

(Pieris floribunda)

SOMETIMES called "Lily of the Valley Shrub" because of the long racemes of white bell-flowers. An extremely dainty and hardy little shrub.

Height	Each	10	100
12 to 18 inches	\$4.00	\$35.00	\$325.00

CAROLINA RHODODENDRON

(Rhododendron carolinianum)

A VERY choice, early blooming, hardy Rhododendron — small and compact. Unusually lovely pink flowers, and pretty dark green leaves. Perfect for foundation plantings, paths, gardens and shady places.

*THRICE TRANSPLANTED B & B

Height	Each	10	100
2 to 3 feet	\$5.50	\$50.00	\$450.00
18 to 24 inches	4.50	40.00	350.00
12 to 18 inches	3.50	30.00	275.00

CATAWBA RHODODENDRON

(Rhododendron catawbiense)

VERY hardy, very handsome, medium-sized, late flowering; large round clusters of rosy lavender flowers, rich dark green leaves retained in winter. Invaluable for border, foundations, gardens and shady places.

*THRICE TRANSPLANTED B & B

Height	Each	10	100
2 to 3 feet	\$5.00	\$45.00	\$400.00
18 to 24 inches	4.00	35.00	325.00
12 to 18 inches	3.00	25.00	225.00

ROSEBAY RHODODENDRON

(Rhododendron maximum)

THE Rosebay is the climax of the Rhododendrons offered here, in size and hardiness. It forms a natural background for the smaller Carolina and Catawba. Has flat masses of rose-tinted white flowers. The glossy foliage endures frost.

This very handsome Rhododendron is much used for drives and paths and for underplanting pleasure woods as its hardy type of beauty well fits a naturalistic planting. Delightful for foundation plantings, gardens and lawns.

*THRICE TRANSPLANTED B & B

Height	Each	10	100
2 to 3 feet	\$4.00	\$35.00	\$325.00
18 to 24 inches	3.00	25.00	225.00

Periwinkle

PERIWINKLE

(Vinca minor)

FREQUENTLY called Blue or Trailing Myrtle. A hardy evergreen ground cover with lilac blue flowers. Endures shade. Combines well with Pachysandra.

Grade	Each	10	100
2 year	\$.25	\$2.00	\$15.00

YUCCA

(Yucca filamentosa)

SOMETIMES known as Adam's Needle or Century Plant. A charming clump of long-pointed leaves bearing very tall spikes of white bells in early summer. This evergreen shrub is very useful in the foreground of any evergreen bed planting.

Grade	Each
4 year	\$1.00
10	100
\$9.00	\$80.00

VARI- GATED YUCCA

(Yucca filamentosa variegata)

A RARE and decorative Yucca. The light yellow and green striped leaves are very striking. Use in combination with other evergreens.

Grade	Each	10	100
2 year	\$1.25	\$10.00	\$90.00

Offer R-64 ~ Specimen Collection ~ \$15.00

One each of these 7 Evergreen Shrubs

1 Wintercreeper	4 year	1 Mountain Laurel	12 to 18 inches

LITTLE-TREE Shrubs have won high praise for their sturdy quality. New, worth-while varieties are constantly being added to our collection of hardy northern grown shrubs. The strong roots and unusually heavy tops offered here are sure to please you.

Japanese Barberry

JAPANESE BARBERRY*(Berberis thunbergii)*

ONE of the finest and best loved shrubs. Remarkable for its low, dense, horizontal growth, brilliant red fruits and autumn foliage. Very hardy. Valuable for hedges and borders. Endures partial shade.

Height	Each	10	100
18 to 24 inches	\$.50	\$4.00	\$30.00
12 to 18 inches		3.00	25.00

EUROPEAN BARBERRY*(Berberis vulgaris)*

A STRONGER, taller, big sister of the Japanese Barberry, more open in growth and with larger leaves and longer berries. Makes a very fine hedge and is much used for masses in the border, and for a background to all the lower-growing shrubs.

Height	Each	10	100
18 to 24 inches	\$.40	\$3.50	\$30.00

Butterfly Bush

BUTTERFLY BUSH*(Buddleia var. magnifica)*

A N extremely graceful and decorative midsummer flowering plant. The long sprays of purple flowers attract butterflies.

Grade	Each	10	100
3 year	\$.75	\$6.00	\$50.00

SWEET SHRUB*(Calycanthus floridus)*

WELL known as "Allspice." Sweet-scented, spicy, deep maroon flowers all summer. Very hardy and thrives in shade.

Height	Each	10
12 to 18 inches	\$.75	\$6.00

SIBERIAN PEA TREE*(Caragena arborescens)*

A LARGE attractive upright shrub. Pale green foliage and yellow flowers in June.

Height	Each	10	100
4 to 5 feet	\$.90	\$8.00	\$75.00
3 to 4 feet	.75	6.00	55.00
2 to 3 feet	.60	5.00	40.00

SUMMER SWEET*(Clethra alnifolia)*

SHOWY spikes of fragrant white flowers July to September. Smooth, sharply serrated leaves. Often called Sweet Pepper.

Height	Each	10	100
2 to 3 feet	\$.75	\$6.00	\$50.00
18 to 24 in.	.60	5.00	45.00

Coral Dogwood

CORAL DOGWOOD*(Cornus alba siberica)*

TALL and usually erect shrub with bright coral red branches. Small white flowers in spring; blue berries in autumn. Very hardy. Brilliant fall coloring extremely effective. Useful for background.

Height	Each	10	100
4 to 5 feet	\$.60	\$5.00	\$40.00
3 to 4 feet	.50	4.00	30.00

GRAY DOGWOOD*(Cornus paniculata)*

TALL, hardy, free-flowering shrub. White flowers May and June. White berries in autumn. Gray branches.

Height	Each	10	100
3 to 4 feet	\$.75	\$6.00	\$50.00
2 to 3 feet	.60	5.00	40.00

**RED OSIER
DOGWOOD***(Cornus stolonifera)*

SPREADING shrub with dark, blood red branches particularly effective in winter. Very hardy. Illustrated at left.

Height	Each	10	100
4 to 5 feet	\$.75	\$6.50	\$60.00
3 to 4 feet	.60	5.00	45.00
2 to 3 feet	.50	4.00	35.00

GOLDENTWIG DOGWOOD*(Cornus stolonifera flaviframed)*

SIMILAR to Red Osier but has bright yellow branches.

Height	Each	10	100
3 to 4 feet	\$.75	\$6.00	\$50.00
2 to 3 feet	.60	5.00	40.00

**THICKET HAWTHORN***(Crataegus coccinea)*

OF medium height with single white flowers in spring and scarlet fruit in fall. Good for shady spots. Shown above.

Height	Each	10	100
4 to 5 feet	\$1.50	\$12.50	\$100.00
3 to 4 feet	1.25	10.00	90.00

**JAPANESE
QUINCE**

Illustrated at left
(Cydonia japonica)

A CHARMING shrub—a favorite with everyone. Spreading, spiny branches are covered in early spring with clusters of scarlet red blossoms.

Height	Each	10	100
18 to 24 inches	\$.65	\$6.00	\$50.00

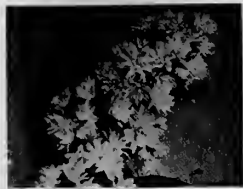

*For explanation of grades see page 20.

SLENDER DEUTZIA

(*Deutzia gracilis*)

A HARDY, low-growing, beautiful little shrub. Slender branches carry masses of delicate white flowers in June.

Height	Each	10	100
12 to 18 inches	\$.65	\$6.00	\$50.00
8 to 12 inches	.35	3.00	25.00

FUZZY DEUTZIA

(*Deutzia scabra*)

BLOOMS profusely in June. Flowers lovely double white. A very popular shrub. Illustrated above.

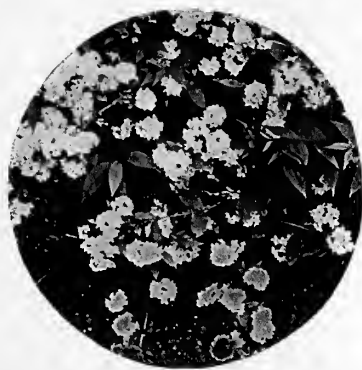

Height	Each	10	100
3 to 4 feet	\$.50	\$4.00	\$35.00
2 to 3 feet	.40	3.00	27.50

SNOWFLAKE DEUTZIA

(*Deutzia scabra candidissima*)

PURE white double flowers are borne profusely in June. A hardy Japanese shrub for groups and borders.

Height	Each	10	100
3 to 4 feet	\$.75	\$6.50	\$60.00
2 to 3 feet	.60	5.00	45.00

PRIDE OF ROCHESTER

(*Deutzia scabra* Pride of Rochester)

PRIDE of Rochester Deutzia. This old favorite will thrive in almost any well drained soil. Large white flowers are faintly tinged with rose. Blooms in June. Our price unusually low for high quality plants. Illustrated above.

Height	Each	10	100
4 to 5 feet	\$.60	\$5.00	\$40.00
3 to 4 feet	.50	4.00	35.00
2 to 3 feet	.40	3.50	30.00

EVA RATHKE WEIGELA

(*Diervilla eva rathka*)

THE best loved Weigela. A hardy, Terect small variety particularly desirable for foreground planting. Abundant, deep, carmine red flowers throughout the summer. Illustrated below.

Height	Each	10	100
2 to 3 feet	\$.85	\$7.50	\$70.00
18 to 24 in.	.75	6.50	60.00

PINK WEIGELA

(*Diervilla rosea*)

PROFUSE pale and deep rose blossoms in May and June. A deservedly popular variety for group plantings.

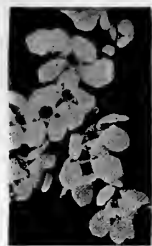

Height	Each	10	100
2 to 3 feet	\$.60	\$5.00	\$45.00

SOUTHERN BUSH HONEYSUCKLE

(*Diervilla sessilifolia*)

A N extremely hardy late flowering shrub of spreading habit. Small pale yellow flowers in flat irregular clusters.

Height	Each	10	100
2 to 3 feet	\$.60	\$5.00	\$45.00

PEARL BUSH

(*Exochorda grandiflora*)

A SLENDER branched, upright shrub with bright green foliage and dazzling white flowers. One of the earliest shrubs to bloom. Illustrated at left.

Height	Each	10	100
2 to 3 feet	\$.85	\$7.50	\$70.00

WINGED EUONYMUS

(*Euonymus alatus*)

SPREADING in habit with wing-like ridges on its bark. Inconspicuous

(Prices of Winged Euonymus,—below)

Springtime Group

Offer R-65

10 Shrubs—1 each of following

18 to 24 in.	.75	6.50	60.00

GOLDEN ST. JOHNSWORT

(*Hypericum aureum*)

UNIQUE and striking, low-growing shrub with bright yellow blossoms during summer. Does best in somewhat shaded places.

Height	Each	10	100
2 to 3 feet	\$.75	\$6.00	\$55.00

Winterberry

WINTERBERRY

(*Ilex verticillata*)

OFTEN called Black Alder. Much loved because of the beautiful, bright red berries of autumn and early winter.

Height	Each	10	100
2 to 3 feet	\$.60	\$5.00	\$45.00
18 to 24 in.	.50	4.50	40.00

Kerria

KERRIA

(*Kerria japonica*)

CHARMING yellow flowers in June. Deserves free use in ornamental group plantings.

Height	2 to 3 feet
Each	\$1.00
10	9.00
100	80.00
Height 18 to 24 in.	
Each	\$.75
10	6.50
100	60.00

AMUR PRIVET

(*Ligustrum amurense*)

A FAST-GROWING, hardy, small leaved shrub. Makes excellent hedges and screens.

Height	Each	10	100
2 to 3 feet	\$.40	\$2.50	\$18.00

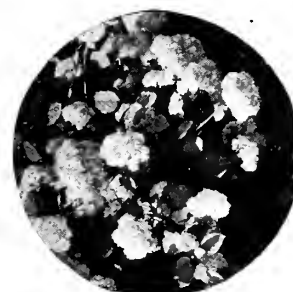

REGEL PRIVET

(*Ligustrum ibota regelianum*)

THE hardest of the Privets. Tiny white flowers; makes a handsome hedge. Easily sheared. Shown above.

Height	Each	10	100
2 to 3 feet	\$.50	\$4.00	\$30.00

Snowhill Hydrangea

SNOWHILL HYDRANGEA

(*Hydrangea arborescens grandiflora*)

LARGE heads of pure white flowers in July and August. Very hardy and used everywhere.

Height	Each	10	100
2 to 3 feet	\$.75	\$6.50	\$60.00
18 to 24 in.	.60	5.00	45.00

TREE FORM HYDRANGEA

(*Hydrangea paniculata grandiflora*)

A VERY decorative small tree. A form of the Peegee Hydrangea.

Height	Each	10
3 to 4 feet	\$1.50	\$14.00

CALIFORNIA PRIVET (*Ligustrum ovalifolium*)

VERY fast-growing hedge plant with glossy foliage and small white flowers followed by blue berries.

Height	Each	10	100
2 to 3 feet	\$.30	\$1.80	\$10.00
18 to 24 in.	.25	1.50	8.00

IBOTA PRIVET (*Ligustrum ibota*)

SLENDER, graceful, drooping plant. Small white flowers followed by blue berries. One of the hardiest and best shrubs for hedges. Illustrated above.

Height	Each	10	100
3 to 4 feet	\$.50	\$4.00	\$30.00
2 to 3 feet	.40	3.00	20.00
18 to 24 in.	.35	2.00	15.00

MORROW HONEYSUCKLE (*Lonicera morrowi*)

CREAMY blossoms in spring followed by blood red fruits—a tall, handsome shrub.

Height	Each	10	100
4 to 5 feet	\$.75	\$6.00	\$50.00
3 to 4 feet	.60	5.00	40.00

TATARIAN HONEYSUCKLE (*Lonicera tatarica*)

TALL shrub. Fragrant pink, crimson or white flowered in June followed by red fruits. Shown at left.

Height	Each	10	100
5 to 6 feet	\$.90	\$7.50	\$70.00
4 to 5 feet	.75	6.00	50.00
2 to 3 feet	.50	4.00	35.00

RED TATARIAN HONEYSUCKLE (*Lonicera tatarica siberica*)

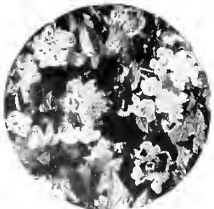

VERY similar to Tatarian Honeysuckle except that flowers are bright red.

Height	Each	10	100
2 to 3 feet	\$.50	\$4.00	\$35.00

NORTHERN BAYBERRY (*Myrica carolinensis*)

BAYBERRY is a favorite because of the fragrant bluish berries—the source of bayberry candles.

Height	Each	10	100
12 to 18 in.	\$.75	\$6.50	\$60.00

SWEET MOCKORANGE (*Philadelphus coronarius*)

STRONG bush with exquisitely fragrant white flowers. Blooms late in spring. Illustrated above.

Height	Each	10	100
3 to 4 feet	\$.60	\$5.00	\$40.00
2 to 3 feet	.50	4.00	35.00

BIG SCENTLESS MOCKORANGE (*Philadelphus grandiflorus*)

LARGE white flowers in May or June. Gracefully spreading branches.

Height	Each	10	100
3 to 4 feet	\$.60	\$5.00	\$40.00
2 to 3 feet	.50	4.00	35.00

DOUBLE PINK FLOWERING ALMOND (*Prunus glandulosa rosea*)

BUSHY shrubs with lovely pink flowers set close to the stem. Very charming.

Height	Each	10
2 to 3 feet	\$1.25	\$10.00

BUCKTHORN (*Rhamnus cathartica*)

HARDY, decorative, thorny shrub. Clusters of white flowers, followed by black berries. Especially good for protective hedges.

Height	Each	10	100
5 to 6 feet	\$.75	\$6.00	\$50.00
4 to 5 feet	.60	5.00	45.00
3 to 4 feet	.50	4.00	35.00

THUNBERG SPIREA (*Spiraea thunbergi*)

SLENDER drooping branches are covered with fluffy white flowers during May. A charming low shrub.

Height	Each	10	100
2 to 3 feet	\$.75	\$6.00	\$55.00

SNOWBERRY (*Symphoricarpus racemosus*)

SMALL hardy shrub with waxy white berries in fall. Small white flowers in spring. Strong grower. Illustrated above.

Height	Each	10	100
3 to 4 feet	\$.60	\$5.00	\$40.00
2 to 3 feet	.50	4.00	35.00

Berry Decked Group Offer R-67

10 shrubs—1 each of the following

Order by name and number with remittance.

JET BEAD (*Rhodotyphos kerriodes*)

MANY branched, spreading shrub. Large white flowers in spring.

Height	Each	10	100
18 to 24 in.	\$.60	\$5.00	\$45.00

VAN HOUTTE SPIREA (*Spiraea vanhouttei*)

Illustrated at right.

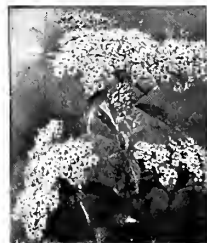

THE most beautiful Spirea. Glorious sprays of white flowers in early spring.

Height	Each	10	100
2 to 3 feet	\$.50	\$4.00	\$30.00

GARLAND SPIREA (*Spiraea arguta*)

HARDY and free-flowering. Beautiful sprays of white flowers in early spring. The true "Bridal Wreath."

Height	Each	10	100
2 to 3 feet	\$.60	\$5.00	\$45.00

ANTHONY WATERER SPIREA (*Spiraea Anthony Waterer*)

Illustrated at left.

AN exquisite, low-growing shrub. Deep rose flowers June to September.

Height	Each	10	100
18 to 24 inches	\$.75	\$6.50	\$60.00
12 to 18 inches	.60	5.00	40.00

HIGHBUSH BLUEBERRY (*Vaccinium corymbosum*)

TALL, handsome, bushy shrub with blue-black berries of delicious flavor.

Height	Each	10	100
2 to 3 feet	\$1.00	\$9.00	\$85.00

CORAL-BERRY (*Symphoricarpus vulgaris*)

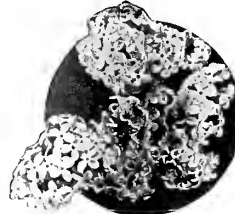

FASCINATING little shrub with coral berries clustered along the stem in autumn and winter. At left.

Height	Each	10	100
2 to 3 feet	\$.50	\$4.00	\$35.00
18 to 24 in.	.40	3.50	30.00

WHITE LILAC (*Syringa vulgaris alba*)

WHITE flowering form of vulgaris. Well illustrated below.

Height	Each	10	100
2 to 3 feet	\$1.00	\$9.00	\$85.00

PURPLE LILAC (*Syringa vulgaris*)

ONE of the old favorites. Beautiful clusters of fragrant lavender flowers.

Height	Each	10	100
2 to 3 feet	\$.85	\$7.50	\$70.00

PERSIAN LILAC (*Syringa persica*)

AN unusually handsome lilac with beautiful loose panicle flowers, deep lavender in early spring.

Height	Each	10	100
3 to 4 feet	\$1.00	\$9.00	\$85.00
2 to 3 feet	.85	7.50	70.00

WITHE ROD (*Viburnum cassinoides*)

MIDSUMMER white flowers are followed by attractive berries. Very hardy.

Height	Each	10	100
2 to 3 feet	\$.75		
Each		6.00	
10		50.00	

Withe Rod

ARROWWOOD (*Viburnum dentatum*)

TALL bushy shrub. Excellent for back-grounds and shady spots. White flowers in spring. Black berries in winter.

Height	Each	10	100
3 to 4 feet	\$.60	\$5.00	\$40.00
2 to 3 feet	.50	4.00	35.00

EUROPEAN CRANBERRY BUSH (*Viburnum opulus*)

SINGLE white flowers in May followed by red berries. One of the best shrubs for fall and winter beauty.

Height	Each	10	100
3 to 4 feet	\$.75	\$6.50	\$60.00
18 to 24 in.	.50	4.50	40.00

Snowball

SNOWBALL (*Viburnum opulus sterile*)

AVIGOROUS, showy shrub with large snowy balls of flowers. Much loved for lawn and garden planting.

Height	Each	10	100
3 to 4 feet	\$1.00	\$9.00	\$85.00
2 to 3 feet	.75	7.00	65.00

NOTES.—All Flowering Shrubs with the exception of a few varieties on page 38, are shipped with bare roots carefully protected in suitable packing material, and wrapped in burlap. They are graded according to size and development, taking into account the root systems as well as the tops.

Thin out the old wood on spring flowering shrubs immediately after flowering to provide new stock for the next season's flowering. Hydrangeas and other fall-flowering shrubs should be trimmed in very early Spring.

Little-Tree Shade & Flowering Trees

Indispensable in any well planned Landscape

Plant this Little-Tree Silver Maple 12 feet tall, on your lawn, and in a few years you will have a large handsome shade tree. Fastest growing Maple in existence.

SILVER MAPLE

(*Acer dasycarpum*)

ONE of the hardiest and fastest growing shade trees. The leaves of the spreading crown are "silver lined".

*THRICE TRANSPLANTED			
Height	Each	10	100
14 to 16 feet	\$4.00	\$35.00	\$300.00
12 to 14 feet	3.50	30.00	250.00
10 to 12 feet	3.00	25.00	200.00
8 to 10 feet	2.50	20.00	150.00
6 to 8 feet	2.00	15.00	100.00

BOX ELDER

(*Acer negundo*)

LARGE, rapid growing tree of spreading habit. Thrives best in moist, rich soils.

*THRICE TRANSPLANTED			
Height	Each	10	100
14 to 16 feet	\$5.00	\$45.00	
12 to 14 feet	3.50	30.00	
10 to 12 feet	2.50	20.00	

NORWAY MAPLE

(*Acer platanoides*)

THE Norway Maple is a large, handsome tree with round, spreading head of compact foliage. Admirable for street planting and lawn shade.

*THRICE TRANSPLANTED			
Height	Each	10	100
8 to 10 feet	\$3.50	\$30.00	
6 to 8 feet	3.00	25.00	

RED MAPLE

(*Acer rubrum*)

MUCH loved because of the exquisite red blossoms in spring and the brilliant red foliage in autumn. A splendid lawn tree.

Our young Red Oaks make a wonderful avenue planting. They have style without stiffness, glorious autumn foliage, and live to a great age.

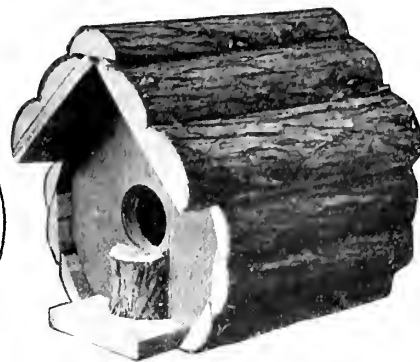

"Have a Heart"

Country Life House No. 63

As have been all "Little Tree" Bird Houses this attractive Suet and Grain Holder was designed by men who knew and loved birds. Winter or summer, the tree that boasts this feeding station will never lack a coterie of feathered songsters. One of our most popular models.

Price \$2.60 each 2 for \$5.00
Postage, \$.25 extra

Little-Tree Garden Furnishings

"Little-Tree" Special Bird House No. 50

Hung properly, this particularly attractive house is entirely safe from the ravages of cats. But its safety is only one of its appeals to feathered guests for who would not be intrigued by its rustic beauty and its complete harmony with natural surroundings.

No. 50 Price \$1.75 each
Postage, \$.25 extra

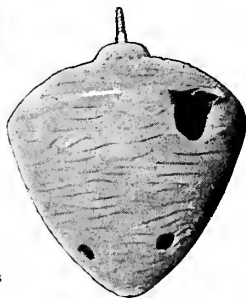

EVERY bird lover should be delighted with the bird houses offered on this page. And as for the birds themselves even the most captious feathered critic must fail to find fault with such artistic and comfortable apartments leased to them "For a song." Place these cunningly in your trees, shrubberies and under the eaves of outbuildings and you may rest assured no Little-Tree bird home will go tenantless.

Country Life House No. 60

Mr. and Mrs. Robin Redbreast will choose this for their new home this summer if you will place it on a quiet side of the house well under the eaves, or in the high crotch of an apple tree, away from cats. Note the open-air effect which these birds prefer.

Price \$1.75 each Postage, \$.25 extra

Bee Hive
Bird Houses

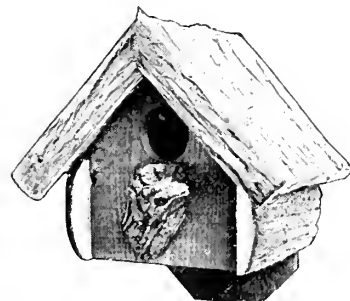

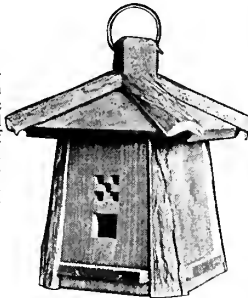

Easily attached anywhere. Made of silvery gray non-corrosive metal practically indestructible. Wrens and other small birds will choose this as a refuge from sparrows and as the most delightful home they ever saw.

Price \$2.00
Postpaid \$2.25

Country Life
House
No. 61

A particularly attractive when house of rustic cedar, designed along the lines of an old colonial lantern. Especially good for small birds. Very strongly built.

Price \$1.75 each
Postage, \$.25 extra

Country Life House No. 62

Shyest and daintiest of the feathered visitors, the Bluebird, will find this an acceptable habitation if it is placed in a quiet and sheltered garden spot with its door away from the rain and wind. No. 62

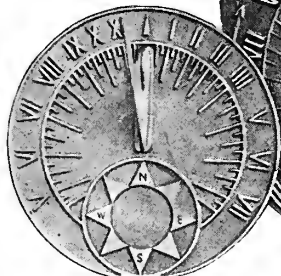

Price \$1.75 each
Postage, \$.25 extra

WOVEN WOOD FENCES AND SCREENS

Dubois Rustic Fencing

These quaint, extremely durable fences (made in France) furnish an artistic and pleasing model of securing privacy. Selected live chestnut saplings are staunchly woven together with non-rusting wire and the saplings pointed at the top. The completed fence requires no painting and weathers quickly to a soft beautiful brown. The texture of this barrier makes an ideal background for flowers and vines.

Fencing, 4 ft., 11 in. high, **\$1.45** per ft.

Fencing, 6 ft., 6 in. high, **\$1.75** per ft.

Reeves Cleft Chestnut Fencing

Offers a pleasing solution at moderate cost, of the problem of gaining privacy in a neighborly manner. It forms a practical enclosure of rare rustic beauty for the suburban yard, flower garden or orchard and a splendid background for plants and vines.

This fencing is made from cleft chestnut palings spaced ¾ in. apart, bound firmly by three lines of four strand No. 13 galvanized wire. This construction permits the fence to be rolled for shipment and easily handled in sections.

For erecting this fencing use cedar or chestnut posts placed 8 feet apart and driven in the ground to a depth of 3 feet.

Little Tree

Woven Lath Screen and Fencing

An excellent winter protection for evergreens, trees, shrubs and perennials. May be used about the house, on the lawn or in the garden. Stand on edge to hold leaves or straw around plants or lay flat to hold leaves on perennial beds. We have used these for many years to protect seedlings and small transplant beds.

Perfect Summer shade for propagating seed beds and young plants. Space between laths gives "halfshade"—the best proportion for general propagating. Closer spacing made at special prices.

"Little Tree" Woven Lath Screens are made of selected lath woven together with five double strands of heavy galvanized wire. The space between the lath is equal to the width of the lath in our standard screen, but this may be varied to suit the particular requirements of the customer. Estimates gladly furnished. The standard screen provides what is known as "halfshade". A most effective combination for protection and ventilation.

The screens are light and compact and roll like a rug. A fifty-foot roll can easily be handled by one person. May be cut any length desired.

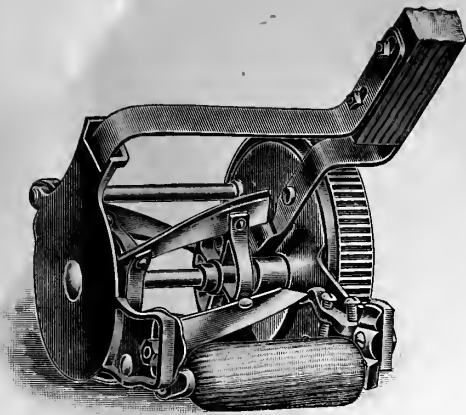

Prices of "Little Tree" Woven Lath Screen sold in either 3 or 4 ft. widths at the same price.

10 to 50 ft. long, 25 cents per foot.

50 to 100 ft. long, 20 cents per foot.

Freight or Express Collect

Little-Tree GARDEN TOOLS and ACCESSORIES

"Little Tree" Lawn Trimmer
Self-Adjusting Ball Bearings
